QUACK! QUACK! WANT TO BUY A DUCK?

When you're in the business—the duck business that is—it's a case of hatching 'em and fattening 'em fast, for with feed coming at \$64.00 per ton, you just don't keep them around the premises very long—not if you want to make a living.

We all know of the many thousands of people who like to think of retiring to the country and becoming a chicken rancher—or a duck rancher for that matter. Just how many of these people go broke is the sixty-four dollar question, but up on the Ridge Road Albert Simmons and family have been in the business for two years and thanks to plenty of hard work and well-organized planning, they have been doing just fine raising ducks.

Mr. Simmons receives the young ducks from the hatchery at the tender age of one day, in lots of 150 each. They are shipped in from Barnia and for a few days after their arrival they are kept in a brooder house. Then they are transferred to pens moving to a new one each week until they reach the "tender" age of eight weeks when they are killed and dressed for market. The proper name of the particular breed which Mr. Simmons raises is Pekin, a very good type of duck for eating. (Continued on Page 7)

Ian Lawrence Stevenson, son of Mr. and Mrs. A. Stevenson, Mount Street, Grimsby, who has graduated in Bacteriology from the Ontario Agricultural College at Guelph. Ian received his B.Sc. degree, and also holds the rank of Lieutenant in the Reserve Army.

INTERPROVINCIAL VISIT PLANNED FOR STUDENTS

Interprovincial Visits, an organization which sponsors the exchange of students from families in Quebec to families in Ontario and vice versa for encouraging the learning of the second language, whether it be French or English, reports a very keen interest in both provinces this year. Their offices and representatives are very busy making arrangements for placing students who wish to exchange, that is the Ontario student visits a Quebec family and someone from that family visits him in turn in Ontario, for similar periods of time varying from two weeks to two months. Students can make a visit or receive someone without making an exchange, and it is amazing how many French Canadians receive our boys and girls without charge for very interesting and pleasant holidays in Quebec. As Interprovincial Visits offers its services free, the boys and girls can have this holiday, which proves most helpful in their school studies for the price of a railway ticket.

Homes in this district which will receive such visitors are very much in demand as the boys and girls like to be able to work to pay for their board. Interprovincial Visits would be very pleased to hear from anyone who would be interested in taking one of these students and teachers, from sixteen to twenty-five years of age to help on the farms during July and August. Many are offering to come to work for board only, so that they (Continued on Page 7)

NEW DIESEL UNIT IS NOW READY TO WORK

The Grimsby Public Utilities, having now got its sewage disposal plant into full operation, has begun to improve its waterworks system. Superintendent Andy Henderson is almost ready to throw the switch to start the operation of the big new diesel pumping unit. Only a few further adjustments are necessary before the unit will be in action.

The cost of the pumper will be between 12 and 13 thousand dollars and when running at full speed it will be capable of handling some 800 gallons per minute.

CONSERVATIVE STANDARD BEARER

C. Bruce Hill, prominent St. Catharines resident and well-known throughout Lincoln County as an organizer, who will represent Lincoln County Progressive Conservatives in the Federal Election, June 27. Mr. Hill was the unanimous choice of a great Conservative Convention held in the Community Hall, Beamsville. Known as a fighter in any ventures undertaken, Mr. Hill is a successful farmer as well as industrialist.

STEADY PROGRESS ON TRINITY CHURCH

The laying of the corner stone of the new addition to Trinity United Church is slated to take place sometime late this month, according to Mr. Sam Bartlett. The ceremony will take place on a Sunday morning after the regular church service but the exact day of the laying is as yet undetermined. It depends largely on the progress of the construction.

At the present time the work is right on schedule. The excavation has been made and the contractors have been leveling off the top soil, which was procured from the Trinity Church excavation. Seeding operations will be carried out this fall. It is likely that the park will be opened in 1950.

LIONS PARK LIKELY TO OPEN IN 1950.

Although considerable work has already been done at the Lions Park, Main St. W., chairman Earl Marsh of the Civic Improvement Committee told The Independent Monday that it would be sometime before the site would be completed in full.

The bank of the creek has been built up, and many tons of fill have been brought in. The Lions have a man now leveling off the top soil, which was procured from the Trinity Church excavation. Seeding operations will be carried out this fall. It is likely that the park will be opened in 1950.

MEMORIAL GARDEN PLANNED FOR WEST LINCOLN HOSPITAL

JAYCEES COMPLETE PLANS FOR PAINT-UP CLEAN-UP CAMPAIGN

COBBLESTONE LODGE WHERE ROSES GREW

On the very spot where once many hundreds of thousands of roses bloomed, now stands one of the most modern and efficient tourist accommodation spots in the Niagara Peninsula.

Many residents of this area will remember the fabulous Orland Offield greenhouses, where roses were grown for distribution throughout the world. Four acres all under glass gave Offield the honor of having the largest such unit in the British Empire. Then Offield built a home, and as the surrounding fields were abundant with "nigger heads" it was only natural that these formed the solid walls of what is now known as Cobblestone Lodge.

Since Offield's rose empire fell, several other owners have located in this same building, the latest bringing Mr. W. O. Ullman and his charming daughter Dorothy to our midst. Mr. Ullman, a retired businessman, discovered that being a retired gentleman left him with (Continued on Page 7)

OPTIMIST CLUB HEAR REV. A. L. GRIFFITH

Speaking on the British Empire, its foundations and its freedoms, Rev. A. L. Griffith, pastor of Trinity United Church, Grimsby, was the speaker at the monthly meeting of the Optimist Club, held in the Oak Room of the Village Inn on Thursday night.

The speaker referred to three great empires in history, going back to the first—the Roman Empire, which perhaps was one of the greatest in history, but was destined to fall because of its evil and insecure foundations. The same was true of the powerful Nazi empire that rose and fell in the comparatively short space of ten years.

Mr. Griffith's address was timely, in that we here in Canada celebrated Empire Day recently, and undoubtedly his remarks left his audience with something more to think about than Empire Day merely being a holiday.

He made reference to the fact that all three empires had been gained largely by use of the sword, but of the three, only the British Empire has stood for certain basic ideas. Freedom of religion and democracy at its best, these were but two of the basic ideas the British Empire has stood for throughout the ages, and the main reason why the British Empire will always (Continued on Page 7)

MILE OF PENNIES NETS HOSPITAL AUX. \$157.50

Those who were downtown shopping on Saturday, had a chance to help the Ladies' Auxiliary of the West Lincoln Memorial Hospital. Under the leadership of Miss Molly Lucas, a mile of pennies was run on both side of Main St. Many boys and girls who were organized by Mary Morris and Catharine Morrison, looked after and later helped to count \$157.50 in pennies.

Helping Miss Lucas at headquarters in the store next to the Post Office were the following: Mr. and Mrs. John Glanville, Mr. Spence, Miss Betty Smith, Miss Olive Kitchen, Mrs. K. E. Ramsay, Mrs. Gib Wade, Mrs. H. L. Roberts and Miss Eloise Jackson.

The Auxiliary wish to express their gratitude to Johnson's Hardware for the equipment, to Mrs. E. Mack for the public address system and to Mr. Blake Marlow and Mr. R. Mitchell for its use and installation.

A great deal of credit goes also to Mr. George Nelles for making the white lines and to Mr. South for the use of his store.

At their meeting last Monday evening, the Grimsby Junior Chamber of Commerce again made the coming Clean-up Paint-up campaign the big topic for discussion. The drive is to be held in the week of June 6th to the 11th and an intensive drive is planned in an effort to bring the civic pride of the citizens of Grimsby to the surface in the form of a real effort to improve the general appearance of the town.

The Jaycees have planned a complete itinerary for each evening of the week which will keep their members occupied every night except Saturday the 11th. It was felt that due to the extra traffic and larger crowds in town on Saturday, it would not be wise to try to carry out any measures which might cause a tie-up.

On Monday 6th, the drive will get away with a real bang in the form of a parade. This event will feature the Beamsville Citizens' Band and a sound truck in the lead with all the local Jaycee members making up the marching body of the parade. The boys will be dressed in old clothes and will carry various implements which are commonly used in a campaign such as this. These will include rakes, hoes, brooms and shovels. The parade will leave from the top of the hill opposite the Grimsby Garage at 7 p.m. sharp and members are asked to gather in time for this.

Another feature of Monday evening will be the stenciling of the store windows in town with Clean-up Paint-up signs. These are put on with paint and will be removed by the members of the Junior Chamber on the last active night of the campaign. It has been requested by the president of the Chamber that any merchants who (Continued on Page 10)

FRANK PSUTKA HIRED AS "REC" DIRECTOR

After a period of some years deliberation, the Grimsby Lions Club has finally taken the step which brings to Grimsby its first recreational director. Meeting with a representation from the Optimist Club, on Tuesday night, the panel gave the green light, and Wednesday morning hired Frank Psutka of the Grimsby High School staff as a Director of Recreation. His duties will commence as soon as the present school term is completed.

Frank Psutka is well qualified to direct such a program as will be mapped out immediately, boys and girls will this summer have an organized program lined out for them, which will be of great benefit to the youngsters during the long hours of summer vacation. Mr. Psutka has been a director of several Y.M.C.A. camps, and is a qualified P.T. instructor. (Continued on Page 10)

WELLAND MAN BADLY INJURED ON Q.E. WAY

Irwin Bunn, 39, of 11 Avenue Place, Welland, was seriously injured Saturday afternoon, when the vehicle he was driving was struck by a vehicle operated by John Leitch, 39, of 5 Tweedsmuir Ave., Dundas. The accident happened on the Queen Elizabeth Way at the Beamsville stoplight. According to Provincial Constable Hugh Thompson, who investigated, Bunn was turning left to cross the eastbound lane, when Leitch's car struck the side of the car, causing the side of the injured man's auto.

Bunn was on his way to attend the Auto Races in Beamsville when the accident occurred. He was attended at the scene by Dr. Harold D. Latham, and later removed to St. Catharines where his condition is reported as serious. He is suffering from internal and other injuries.

West Lincoln Memorial Hospital is going to open sometime in July—if everything goes along as scheduled, which it appears is quite likely. Miss Douglas MacRobbie and her staff will be ready to swing into action right on schedule. A. R. Globe informed The Independent of the progress being made in the various departments, and indicated that everything was moving along in tip top shape. Plastering is about seventy percent completed, this being the rough plaster, which, of course, will be supplemented by a putty coat. The flooring which is terrazzo with the exception of the corridors is nearing completion, while the plumbing and heating and electrical service is about 85% completed.

The heating is to be a hot water system, utilizing a Livingston boiler, while an oil furnace will be used for sterilization purposes. One of the problems confronting the Board of Directors is the choice of colored plaster for the exterior of the modern hospital. This plaster to cover the cement block construction is giving the directors plenty of headaches, and it may be that the people will be given the chance to vote on what color the hospital will eventually blossom out.

Memorial Gardens
C. H. Prudhomme, landscaping firm of Beamsville, are undertaking the landscaping scheme, which is to include a Memorial Garden. This will include an Iris garden, in which all known varieties of Iris will be planted. Mr. Globe said that this Garden would have many of the famous species found in the McIntyre Mines project. As a matter of fact it was after seeing films of these beautiful gardens that someone here got the brain- (Continued on page 7)

WELLAND MAN LUCKY AS CAR ROLLS OVER

Gordon Belansky of 60 Lincoln St., Welland, Ontario, narrowly escaped serious injury. Saturday night, when his car overturned while proceeding south on the Grimsby Centre road, Mr. Belansky was attempting to pass another car when he pulled too far over and his own vehicle entered the ditch. The car apparently travelled upright for some distance and then turned over twice. On the second roll it struck a telephone pole breaking it off and finally came to rest upside down with the driver underneath. Passers-by quickly extricated Belansky, who was then treated by Dr. J. V. Christie of Grimsby.

Mr. Belansky escaped with minor lacerations and contusions and was released from the Hamilton General Hospital Sunday afternoon with only a few stitches to show for his experience.

E. J. "Chap" Gordon, a spring graduate from the College of Optometry, Toronto, has opened his first business, being located at 74 Main Street West. The Gordon family moved to Grimsby some ten years ago. Mrs. Gordon being associated with Millyard's Pharmacy, while sister Mary is a member of the Bank of Commerce staff here. A second sister Nancy graduated last week from St. Michael's Hospital, Toronto.

WHEREVER THEY'RE NEEDED THEY ARE ON THE JOB

The history of the Beamsville Citizens' Band goes way back into the dim past, and it is a great credit to Beamsville and Clinton that through many difficult times a few men have kept the Citizens' Band going strong. Their services are not limited to Beamsville, but also to neighboring towns and cities. Here in Grimsby the Band has many times contributed its abilities to help celebrate some special occasion. For years one of the treats that people from far and

near look forward too are the Sunday evening band concerts, these have been held on the public grounds in Beamsville, but now the band is endeavoring to build a bandshell at the Fairgrounds. It needs plenty of financial assistance, and so with that in mind we take pleasure in printing the above picture, and perhaps some money to give the boys a little assistance.

Facts • And • Fancies

FRANK FAIRBORN, JR.

True independence is never afraid of appearing dependent, and true dependence leads always to the most perfect independence.

A STRONG CANDIDATE

C. Bruce Hill is the Progressive Conservative candidate for Lincoln County. By a substantial margin he was chosen over Romaine Ross, K.C., at a mammoth party convention at Beamsville, mammoth in the sense that there were 898 delegates from every part of the expansive riding, and magnificent in the sense that every delegate had the keenest of interest in the outcome. Well may it be said, as the distinguished leader of the party, George Drew, has said, the Progressive Conservative party is on the march. When you get a party situation where two able men fight for the honors, and the loser moves that the nomination be made unanimous, there is a perfect set-up for victory to follow. When, otherwise, you get a situation where a party nomination has to be peddled and frequently declined, there is nothing but black defeat in the air. The P.C. force in Lincoln County remains militant. It could invite disaster only by over-confidence.

Romaine Ross, K.C., should have no personal qualms of regret. There is a tide in the affairs of men which when taken at the floodtide leads on to fortune. We predict that in the field of high political endeavor, the young man Mayor of Port Dalhousie will reach that time. The party to which he belongs even now owes Mr. Ross a considerable debt, because his entry into the contest for the nomination stirred the party to the depths and created more interest than many an actual election, throughout the County of Lincoln.

Surely there will be an end to the whispering campaign due to the retirement of Mr.

Lockhart, 14 years M.P. for Lincoln, after what "Mac" himself said at the convention, and after he had been tendered a nomination to come back into the battle. There were those on the scene who felt that if Mr. Lockhart had changed his mind at the last moment, the nomination would have been his; there would have been hardly need for a ballot. Not many could receive a finer tribute than that.

Not for over 80 years has there been anything but closed ranks in the Conservative party in Lincoln in the federal field. There is unity today, and a will to win. There was at Beamsville, a powerful Drew influence, a desire to see George Drew form a new government at Ottawa. To fulfill that desire there can be only one chart, one course for Conservatives and other citizens who want to see a change for the better. That is to elect C. Bruce Hill, a man of Cabinet calibre, a strong potential for the Ministry of Trade and Commerce, an interest which he has at his finger tips.

The election of Bruce Hill for Lincoln will mean a very potent voice in the Parliament of Canada. He made a brief speech—the convention was no place for a long one—which was full of fire. "Win, lose or draw, our opponents will know they have been in a fight," declared the nominee in grateful acceptance of the honor. That remark may be applied and is applied by militant Conservatives today, not only to the home field but to the national arena, from Newfoundland to the Yukon.

The result: Death or severe injuries and grief for relatives and friends.

Is it worth it?

The day may never come when highways will be totally accident-free. But a great deal

can be done to reduce the number of deaths and crippled bodies by the use of care, courtesy and common sense.

Before the holiday season really gets under way, sit back and think of the risks before you gamble for the highest stakes of all—your life and the lives of unknown others.

If, while driving, the driver behind you wants to pass, move over, be courteous and let him. And don't be in too much of a hurry to push down on the gas pedal—it's better to lose a few minutes than your life. That's only common sense, care for yourself and those in the car with you.

Swimming, too often takes its toll of lives just because of foolhardiness. No matter how good a swimmer you are don't swim alone. A partner makes good company besides being a potential rescuer. And don't show-off by swimming beyond your limit—leave the long distance swims to the professionals.

There are dozens of safety rules for both driving and swimming. We all know them. So why not use them?

And don't be lulled into a false sense of security because these accidents always happen "to the other fellow." You are "the other fellow" to someone else.

CAUSES OF DEATH

The Windsor Star carries a table showing that cancer, as a cause of death, has increased its toll over the preceding decade, although the causes of death have changed little during the past ten years, according to life insurance statistics. The Mutual Life has a table showing percentages of the causes of death for 1948 and for the average years from 1939 to 1948. Every 100 causes of death were divided as:

Causes of Death	1948	1939-1948
Heart, blood vessels and kidneys	54	54
Cancer	15	14
Accidents	7	6
Tuberculosis	2	2
Pneumonia	2	2
All other causes	20	22
	100	100

It may be that some people will view the foregoing statistics with alarm, but the heartening fact should not be overlooked that the span of life on this continent, for man and woman, has been greatly increased in the past fifty years. What do statistics prove? They are not reliable as applied to an individual, but they certainly are accurate when applied to a considerable unit, or a mass of people.

LETTERS TO THE EDITOR

CONGRATULATES THE JAYCEES

The Editor,
The Grimsby Independent,
Grimsby, Ontario.

Dear Mr. Editor:

As an out-of-town reader of The Independent, I should like to congratulate the Grimsby Optimist Club on their recent success in the Queen Festival.

I recall that some years ago there was some such ceremony sponsored by the Chamber of Commerce or Lions Club or someone, a great event at the time, that gradually faded out.

The Grimsby Optimist Club are to be congratulated on reviving this festival, which is of great value to the Niagara Peninsula.

(Signed),
An Old Grimsbyite.

EDITOR GETS PANNED

The Editor,
The Grimsby Independent.

Dear Sir:

I have always enjoyed reading your column, "Main Street" in the past, but lately it has turned into a sarcastic gossip column.

With ref to an item in this week's (May 28 issue) I would like to say that with regards to the boys colored pants I feel that it is very uncalled for and in poor taste. My son happens to be one of the first to get these pants and I certainly do not feel that he should be ashamed of himself. So long as manufacturers put these clothes on the market, they will buy them, and I see no reason why they should not. This is a free country (I hope).

I would like to point out that like my son the other lads, mostly teenagers, are wearing khaki. They are in the L & W reserve army. If your paper feels that it should clean up the town, why not gather up some of the rough characters who hang around the streets making remarks at the girls and women, and who are invariably drunk most of the time. I feel that an apology is due these boys.

Thanking you for the space in your paper.

Sincerely,

Irate Mother.

P.S.: I think if you would just keep your column for Red Graham, your widows, stop lights, etc., it would be safer.

PARKING METER QUESTION

The Editor,
The Grimsby Independent,
Grimsby, Ontario.

Regarding the controversial subject of parking on Grimsby Main Street. Apparently the raise in parking meters is their ability which money for the town by taxing the motorists, also is a very short sighted policy for any town.

Grimsby and depending mainly on the fruiting of closely populated countryside. The average grower or farmer is a very busy man, he money town with one object in view—to spend his money and get back to his work without delay, and one to-day means line-ups and waiting in fit-of-town hour is not long enough for the average auto the shopper, even not counting a possible pair of shoes. The family that comes to Grimsby, of shoes. The family that comes to Grimsby, of shoes. The family that comes to Grimsby, of shoes.

Week-ends are the worst. Thousands and thousands of city-dwellers jam the highways as they travel to their favorite country spot or cottage. Swimmers take unnecessary risks for a little extra pleasure.

Here's the \$84 Question: Why do Grimsby's commercial fishermen, every time they get a holiday, go North fishing?

Would you be surprised if there is a radio station in Grimsby by the time 1950 rolls around? Stranger things have happened.

Hey, what's cooking? Since when do the reserve army lads carry their rifles around the street and into public places of business. Is this part of the training scheme?

Who can answer this one. Is Grimsby going to have a brewers' warehouse, or is it not? The heavy rumor has been going the rounds again these last few days.

That mile of coins idea seems to be a good idea, and appears to us as a unique manner of opening the Jaycees Clean-up! Paint-up! Campaign. Do not know who painted the line, but perhaps a straight line would not have netted the hospital as many coins anyway.

We understand that the reason that the people of Grimsby township went out two weeks ago and voted so solidly for the purchase of their local Hydro system was on account of the success that Grimsby has had with their Hydro system. Mr. Anderson and Mr. Theal, take a couple of bows.

This one may be a couple of weeks late, but it is a good one anyway. Mayor Lewis has gone to the dogs. About three weeks ago stray female canine wandered onto the Lewis property and had a litter of seven puppies underneath one of the buildings. Clerk Bourne, has the Mayor taken out a kennel license?

One of Grimsby's medics, Dr. A. F. McIntyre, has proved that he is one fisherman that really catches the fishy fellows. He went North last week and came back with one of the finest means of speckled trout that has been seen in these parts in a long time. The best part of it is that he hasn't got a word to say about any big fellows getting away.

The kids really took advantage of the Peach Dairy Bar's offer on opening day, when the proprietors gave away no less than seventeen gallons of free ice cream. The Bar is certainly a most attractive spot, and business has been very good, which is something we all like to see on Main Street. The remark most often repeated is the change of the interior—considerably more convenient.

The Board of Directors of the West Lincoln Memorial Hospital are faced with a horrible problem. What color plaster shall be placed on the concrete block building. Shall it be a fawn shade, or maybe a lavender blue or a delicate pink. It may be that they shall ask the people to decide just what color West Lincoln will be. Tune in next week for the answer to this colorful question.

Everybody in the Fruit Belt thought that outside of our home that Rex Stimers was the fastest talker in Canada, but C.K.T.R. has uncovered a talker in Norm Marshall that has the boom and Rex out in the lake in a rowboat and the cars are looking. We don't think that for 15 minutes that Marshall can out-talk either the boom or Rex but for sustained blabbering he would make the pair of them look like a rabbit in a herd of elephants. He should tie up with Good Pettigrew and go in the auctioneering business.

Praises be, Throckmorton Batavia Jarvis, the dynamic insurance peddler, has at last seen fit to remove that eyesore fence next to Carroll's store and erect in its place a very fine looking board barriade to the property. We understand that he is going to paint it Peach Kings colors, white trimmed with blue (red would look better). We think it would pay him to have the fence lettered "The Home of The Peach and The Home of The Peach Kings—See Why and Jarvis for your Home or Fruit Farm." Anyhow, the eyesore is disappeared.

As you can see for yourself in the "Letters to the Editor" column, at least one person took a dim view to the editor's remarks on the newest craze for young men—the colored pants. We certainly do not wish to make this a sarcastic gossip column, but it does seem only natural that with the young guffers wearing these brightly hooded slacks, they are bound to draw people's attention. As for these same lads joining the reserve army, we have a few people who have taken the trouble to explain to us just why these fellows under the age of twenty-one have joined. Perhaps we shall have a follow-up on this department also.

Main Street Junior wishes to report that the editorial office of The Independent recently underwent its annual clean-up. We are attempting to get used to the light that now comes through the windows. Also the portrait of that great statesman Sir John A. got the brushoff, and now glitters in the new light of the inner sanctum. Seven copious volumes titled "Canadian Percheron Stud Book 1902" were checked out the window, and we have in their place the life history of a horse called Epic whom we were cagey enough to pick in the King's Plate.

Bryden and I feel that the Seven Sainted Widows would approve of our housecleaning, as we used only the recommended products such as Dux which does everything... except make this darn place look any cleaner. The inner sanctum has atmosphere that nothing can erase... I guess.

D. E. Scott,
Chairman Board of Works,
Town of Grimsby, 1948.

In 1947 net profits of Canadian corporations were 8% on sales of every dollar of sales, of which more than 3 cents were plowed back into business.

In 1870 aluminum, which is today a commonplace in every Canadian kitchen, was so valuable that Emperor Napoleon III had a state dinner service made of it.

LINCOLN HEALTH REPORT

Vital Statistics

The population of the Unit area is given as 72,378. During the month there were 33 marriages reported. There were 106 live births, and 42 deaths, 5 of which were infants. The chief causes of death were: heart disease 27; cancer 4; pneumonia 1; all other causes 10.

Clinics

Chest: There were 4 clinics at the St. Catharines General Hospital, with a total of 100 examinations. At the beginning of April our register showed 600 cases of tuberculosis. 5 new cases were reported and 3 cases moved in. There were 0 deaths; 0 cases moved out; further follow-up not necessary 0; so that the total number of cases on the register at the end of April was 607.

Child Health: There were 32 clinics held during the month with a total attendance of 791; registrations 100; return visits 622.

Medical Services

Office Work: During the month there were 76 vaccinated against smallpox; 3 doses diphtheria toxoid; 31 diphtheria toxoid with pertussis vaccine; 208 doses triple toxoid; also 163 certificates were issued. This work was done for 193 infants, 80 preschool, 139 school pupils, and 27 adults.

Elementary Schools: 108 examinations were done in the schools with the parent present, 72 by request, 46 special examinations, with a total of 228. 154 pupils had no defects, 10 were referred for observation and 34 were reported to the parents because of defects.

Secondary Schools: There were 125 consultations with students, 283 examinations, and 22 first-aid treatments. 178 pupils had no defects affecting health, 188 were referred for observation, and 20 were referred to the physician.

Child Health Clinics: 25 infants and preschool children were seen by the Medical Officers in the various clinics during the month.

Completed Immunizations: Vaccine Virus—Total 129; 47 infants, 37 preschool, 47 school pupils. Combined Diphtheria Toxoid and Whooping Cough Vaccine—Total 2; 2 school pupils. Diphtheria Toxoid—Total 8; 2 school pupils. Diphtheria Toxoid, Whooping Cough Vaccine, Tetanus Toxoid—Total 64; 42 infants, 16 preschool, 6 school.

Re-informing or Booster Doses: Combined Toxoid and Whooping Cough—Total 94; 75 preschool, 19 school pupils. Diphtheria Toxoid—Total 42; 42 school pupils.

Dental Services

One hundred and one children were examined in April in surveys at Court Street and St. Nicholas Schools. Seventy-three children had all defects corrected and forty-two received emergency treatment. The part-time clinic of Doctors Chasnell and Castaldi was in operation eight half days this month.

Nursing Services

Two students, Miss Thomson and Miss Taylor, from the University of Toronto, who are taking their Certificate Course, spent the month of April in field practice in Public Health Nursing. Miss Taylor is remaining during May.

Miss Fitzsimmons from the Advanced Course at the School of Nursing, University of Toronto, will have field experience for one month, starting May 16th.

Five of the staff nurses attended the O.E.A. in Toronto. Miss Hamner attended the sessions of the Ontario Health Officers Association Annual Conference. Some of the papers were helpful, giving us new ideas in pediatrics, nutrition and public health relations in a health agency.

Sanitary Services

Under the supervision of Mr. George M. Gallant, Assistant Sanitary Engineer of the Department of Health for Ontario, a sewage survey was made in the Village of Beamsville, and this report should be ready for presentation to the Village Council around the middle of May or the first of June.

With the Assistant Chief Inspector of the Liquor Control Board, an inspection was made of two hotels about which complaints had been received by the Liquor Board.

Inspection of tourist homes and farm camps was started near the end of this month. These will be completed by the end of May. There was one child and one adult bitten by dogs with no serious results.

Two producers were warned that if better housekeeping practices were not practised their milk supply would be cut off.

AUSTRIAN OIL FOR RUSSIA

There's Austrian oil in these tank cars, ready for shipment to Russia. The Russians have taken control of newly-discovered oil wells in lower Austria near Matzen, which produce an estimated 800 to 900 tons daily.

The Sanitary Inspectors Institute Conference was held in Toronto and we are pleased to report that Mr. Disher was again elected to the executive of the Institute.

There was guidance given in 29 cases for septic tank installations.

Ontario Educational Association

Several of our nurses attended the one day session in regard to health & the O.E.A.

Ontario Health Officers' Association

30 Medical Officers and Sanitary Inspectors attended a meeting in Toronto, April 25th - 28th of the O.H.O.A. and Canadian Sanitary Inspectors. The day following was devoted to problems of the Unit Medical Officers and Sanitary Inspectors.

Staff Education

A meeting will be held in Hamilton toward the end of this month to try and determine what should be done to give the nurses, Medical Officers and Sanitary Inspectors an opportunity of hearing about new trends in health work. The Niagara Peninsula Area includes the County of Welland, Lincoln, Haldimand, Norfolk, Oxford, Brantford, Wentworth, Halton, and Waterloo.

It is hoped to have at least four meetings in this area each year so that all health personnel will be fairly close to the meeting place. As Hamilton is about the centre of the area, it seems only logical that the meeting should be held there.

Preventive Dental Services

Through the facilities of the Federal Provincial Grants, authority has now come through for our Unit to proceed with preventive dental services, and the Dental Officer for this County will be available about July 1st. Our present plans include the purchase of a trailer and equipment which can be moved from school to school, and in which pupils can be examined and preventive work done.

Under the present grants no treatment can be undertaken, but if municipality or a school board wish to include treatment, this can be supervised by the Unit, but the costs will have to be met by the municipality or school board concerned.

Sanitary Survey

With the help of the Division of Sanitary Engineering, a sanitary survey of the Town of Beamsville was completed and the data sent onto Toronto. It is hoped that within a very short time a report on this survey will be received.

Sanitation

Because of the number of things occurring throughout the Unit area which involve engineering, an Assistant Engineer from the Division of Sanitary Engineering spent four days with us. His report in regard to these conditions will be sent on to the municipalities concerned as soon as received.

Prosecutions

Two prosecutions were necessary during the month, one under the Venereal Diseases Prevention Act and the other under the Public Health Act. It has never been the policy of the Medical Officer of Health to take cases to court unless there is no co-operation shown by the persons involved, and then only as a last resort.

YOUR SECURITY and YOUR STABILITY ARE AT STAKE!

You Can Defeat Your Biggest Tax Problem . . .

That is the 8% sales tax. The one the budget missed. The one that hits you hardest. This quotation

" . . . This tax costs the Canadian taxpayers 30 cents for every dollar of processed material"

from a Liberal member of Parliament shows what the government is doing to keep taxes high . . . despite the "bribery" reductions in the budget.

So that you may have a sure, adequate income, the Progressive Conservative Party will

- Reduce sales taxes.
- Provide deductions to farmers for members of family who contribute to revenue.
- Reduce income tax rates and increase exemptions.
- End the administrative persecution of farmers by tax collectors.

For your protection the Progressive Conservative Party will take these steps:

PRICES

—Permanent floor price legislation based on these principles:

- A definite formula in the Farm Prices Support Act for arriving at floor prices.
- The formula will allow for variations in production and demand for individual products.
- Floor prices will be announced well in advance of production period.
- The floor price formula will be arrived at in consultation with representatives of producers.

EXPORT MARKETS

Restoration of the Canadian Wheat Board to serve its original purpose as a Marketing Agency for wheat producers . . . and its extension to include the handling of coarse grains.

Inclusion of representatives of farmer's organizations on all Boards dealing with farm matters. Aggressive and immediate action to recapture lost markets; the development of new markets to achieve security of export markets through foresighted negotiations.

Dominion marketing legislation based on the principle of democratic producer control.

PRODUCTION

Reclamation and conservation of existing soil resources; development of new producing lands through irrigation; greater accessibility to domestic markets by improved transportation facilities.

PAINT UP CLEAN UP FIX UP

JAYCEES TO SPONSOR CLEAN-UP PAINT-UP CAMPAIGN NEXT WEEK

Starting on Monday, June 6, and running until Saturday, June 11, of that week is "Clean Up! Paint Up! Week" in Grimsby. The campaign, sponsored by the Grimsby Junior Chamber of Commerce, is part of a nation-wide movement called the National Beautification Campaign, and Grimsby, like hundreds of other communities across Canada is holding a separate campaign to "beautify Canada by beautifying their own community."

Most progressive towns realize the need for a practical public program to make their community life healthier, safer and more attractive. The "Clean Up! Paint Up! Campaign" is such a program. Because every citizen will benefit by "Clean Up! Paint Up! Week" everybody should be eager to participate.

The program is all-inclusive and calls on everyone to assist in creating a cleaner, healthier town—children and parents, civic organizations, church groups and local

businessmen are all asked to cooperate.

The full co-operation, support and participation of such bodies as the Canadian Good Roads Association, Canadian Federation of Mayors and Municipalities, Canadian Travel Bureau, Department of National Health and Welfare, The C.E.C. and other national organizations, has been secured. For the campaign is of great importance to the country as a whole.

The Rt. Hon. Paul Martin, Minister of National Health and Welfare pays particular attention to the vital part which the campaign can play in improving the health of all Canadians when he says, "A spruce community is an outward sign of the safe and healthful, orderly and progressive way of life of its citizens. Those who respond to the excellent slogans of your annual campaign and who freshen, brighten and generally embellish their properties and premises, will be doing a very practical and commendable job in the public interest."

Here in Grimsby the "Clean Up! Paint Up! Campaign" can be a big thing if all citizens will co-operate. The Grimsby Jaycees are certainly going to go to town with some really worthwhile plans. In

next week's Independent just what the Jaycees have up their sleeves will be announced.

In any event "Clean Up! Paint Up! Week" in Grimsby promises to

be a terrific campaign; one from which all citizens will certainly benefit, and one which will certainly make Grimsby a healthier, safer, more attractive community.

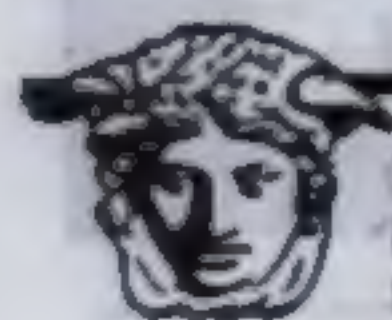

SPRING IS PAINT-UP TIME

—Courtesy From Canadian

Spring to the average Canadian homemaker means cleaning the house from top to bottom after the long winter months. Winter clothes are cleaned and stored before summer has a chance to get at them, and the spring ones taken out. The home in general takes on a fresh new appearance after the cleaning and paint-up job. Painting the kitchen chair, as this lady is doing, is a job that is being done in many a household today.

PAINT UP

CLEAN UP

WEEK IN GRIMSBY

MONDAY JUNE 6th -- SAT. JUNE 11th

NEXT MONDAY, JUNE 6th, BEGINS THE JUNIOR
CHAMBER OF COMMERCE CLEAN-UP PAINT-UP CAM-
PAIGN. IN ORDER THAT THE CAMPAIGN MAY BE A
COMPLETE SUCCESS THE CO-OPERATION OF EVERY
CITIZEN IN THE TOWN OF GRIMSBY IS NEEDED. THE
JAYCEES ARE GOING TO,

1. PAINT CROSSWALKS AT ALL IMPORTANT CROSSINGS.
2. WASH DOWN AND SWEEP THE MAIN ST.
3. DISTRIBUTE WASTE BASKETS THROUGHOUT THE TOWN.
4. SPRAY TOWN STREETS WITH D.D.T.

WHAT ARE YOU DOING, MR. AND MRS. GRIMSBY?

SUPPORT YOUR JAYCEE—

CLEAN-UP, PAINT-UP CAMPAIGN

This Advertisement Sponsored By

THE HARDWARE, PAINT AND WALLPAPER, HOME AND
GARDEN SUPPLY DEALERS OF GRIMSBY

HELP BEAUTIFY GRIMSBY!

Let Us All Co-operate

To the Citizens of Grimsby:

The forthcoming Paint-up Clean-up campaign of the Grimsby Junior Chamber of Commerce is well worthy of your utmost co-operation and support. Although they are a youthful organization, the Jaycees, in their short existence in Grimsby have done several very commendable things for the town. Prominent among these was the recent Blossom Time Motorcade and now comes the Paint-up Clean-up to take its place with the rest.

The advantages of such a campaign to a town are too numerous to mention here in detail but the greater safety to health brought about by the more sanitary conditions, the increase in the town's attractiveness to tourists and others and the greater civic pride of the residents themselves are a few of the more obvious ones.

I, therefore recommend that you, the citizens of Grimsby, give your complete support and co-operation to the Junior Chamber of Commerce in this their latest and perhaps their most beneficial project.

Clarence W. Lewis, Mayor

CLEAN-UP CAMPAIGN BENEFICIAL TO ALL

Most progressive communities realize the need for a practical public education program for health, safety and more attractive living. Clean-up! Paint-up! Plant-up! Light-up! is such a program. Because it is truly in the public service, every segment of the local population is attracted to it and is usually eager to participate.

Noted educators, and other authorities on youth training and development, are in accord in their opinion about the influence of home environment upon the minds and morals of our youth. Facts show us clearly that children who live in disorderly, unsanitary homes and environments make up the greatest percentage of our juvenile delinquents. They agree that a child reared in a clean, orderly home has a better chance of being

an upright citizen.

Cleanliness Valuable

The medical profession as a whole believes that if cleanliness is practiced more generally, disease rates will be less. Since most of the population that is disabled by illness is ill-housed and ill-fed, decent living conditions are obviously powerful weapons against disease.

Safety engineers and fire prevention experts point to the many accident and fire hazards that are created by untidy conditions in homes. Of all the lives taken by fire every year, three-fifths of the deaths from fire occur in homes. The toll of children is heavy.

Even more important than the better health, safety and living factors, perhaps are the educational benefits to the children who take part in this civic program.

The importance of school children co-operating in the National Beautification campaign can not be overstated. It teaches youngsters good habits of cleanliness, co-operation and self-participation; furthermore these children in a few short years will be leaders and property owners in their community. The impressions of Clean-up! Paint-up! Plant-up! Light-up! which they gain now will be formed into stronger convictions in later years.

The program is all-inclusive and calls on everyone to assist in creating a cleaner, healthier community — children and parents, civic organizations, community welfare agencies, church groups and local businessmen, all co-operate.

HELICOPTER SERVICE, LONDON TO PARIS

A helicopter took off from the roof of a London, Eng., building for a flight to Paris recently. This new service is designed to relieve U.K. air passengers of terminal transportation problems which occur on normal flights. Passengers travelling by the helicopter service will be able to drive almost up to the roof air strip, board the aircraft, and two-and-a-half hours later find themselves in the heart of the French capital. Here crowds watch the helicopter as it leaves on its London-to-Paris hop.

CONTROLLING THE RAT MENACE

(By Dr. D. V. Currey, M.D.,
Director, St. Catharines
Lincoln Health Unit)

Last week we told you something about the rat menace, today we would like to discuss in detail how you may rid your premises of rats and also keep them away.

The rat is man's greatest enemy. He has followed man from continent to continent throughout the ages in caravans, ships, trains, trucks, and planes. Rats seem able to defy man's most modern construction. They infest homes, storerooms, restaurants, hotels, hospitals, warehouses, theatres—even battleships. The rat is shrewd, crafty, daring, and aggressive. He takes advantage of faulty building construction, burrows under ground, climbs trees, wires, and pipes to gain entry in search of food and shelter. He is able to get through a half inch crack and not only feeds on but contaminates and destroys food. Regardless of how new or clean homes and stores may be, rats may enter with deliveries of merchandise.

One of the chief factors which favours the multiplication of rats in most areas has been the destruction of their natural enemies such as the owl, weasel, etc. Domestic animals are of little use in rat control, sometimes a good terror or a good cat, may be useful if the majority of rats have been cleared out, but most often cats are too lazy or too well fed to kill rats and few dogs are fast enough to catch a rat.

If premises are to be cleared of rats the work must be undertaken systematically and continued interruptedly; the means employed will depend on the number of rats and the part of the premises they occupy. If there are any burrows cyanide gas pumped into these will be very effective. Little good will be done by catching a few rats because the young ones born soon outnumber those killed. Do not begin by trapping unless the number is small, because when this is done and several have been caught the rest of the rats become wary and are much more difficult to catch. Rat Control in any municipality to be effective must be on a large scale. It is almost useless for one person in a block to rid his premises of rats if all his neighbours are harboring and feeding these rodents.

Before beginning the best action of rats in any building, attention must be paid to the way in which they enter the premises, and all holes in foundations, floors, etc., must be filled up with concrete. If bait is going to be used, the rat killer should not be filled up for at least a week. In this way not only the rats who frequent the hole but others may get some of the poison. Traps should be kept around houses and outbuildings and in all places in which rats may be expected to pass in search of shelter and food.

Once the building is rat free traps provide the proper medium for keeping immunity. When trapping is used, in all instances a passageway should be left along the wall beyond each end of the trap for the rats to traverse. Wire cages, if set in a barn or stable should have the floor of the trap set in chaff and most of the trapping

covered in straw. A trap should never be placed at the entrance to a hole, but about six feet from it. When baiting a run-trap, the bait should be laid along the whole length to allow the rats to get some of the bait without entering the trap, and rats should only be handled by persons wearing gloves. Spring traps should be set along runways, etc., where rats pass in search of food.

Various authorities have made recommendations in regard to bait, but one of the best to lay in a trap is made by cutting slices of stale bread $\frac{1}{2}$ " thick covered by hot beef drippings, these spread on a plate until cold. For a trail, wheat or sunflower seeds may be used. Four poisoned bait fish, meat, and cereal may be used separately or simultaneously. It is recommended that bait be laid out in the late afternoon in small portions about the size of a marble. This is done for three days without using poison then for three days poisoned bait is used. With any type of poison there is danger from children or domestic animals eating it so it should only be placed in a concealed position.

In the past many poisons have been used for the destruction of rats. Most of these are dangerous to children or domestic animals so if they are being used there should be extra precautions taken. For some time Fortified Red Squill has been very popular as a rat poison. It has the advantage that it is not dangerous for anything but rodents, but even those handling this bait should wear gloves. In preparing fish or meat one ounce of powdered Red Squill is mixed with enough water to make a thick poison without lumps, then add one pint of fish or meat and mix thoroughly. In making cereal bait one ounce of dry Red Squill is mixed with a pint of cereal, then one pint of sweet milk is added and thoroughly mixed. Poisoned bait should be put out in small quantities and in places frequented by rats, and any remaining over twenty-four hours should be gathered and buried.

Antu is an effective poison for the brown rat, but is not recom-

CHANCELLOR OF KING'S COLLEGE

A Nova Scotia college has an acting chancellor since Lieutenant-governor Ray Lawson was installed chancellor of the University of

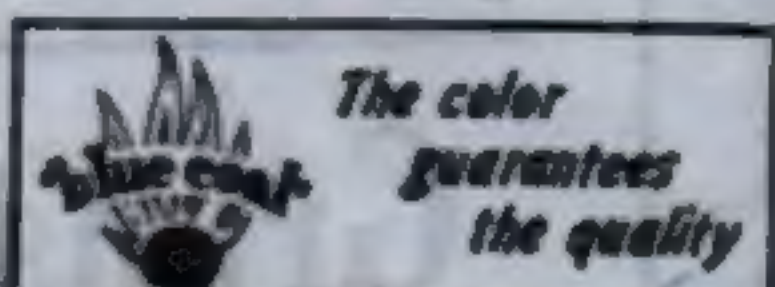

mended for use against any other species of rat. The outstanding features of this compound are a high toxicity for the brown rat, and a relatively low toxicity for other species of wild animals. One of the disadvantages of Antu is that there is a rapid build-up of tolerance that follows the eating of less than a killing dose, and so this material will not mix with water, it is very difficult to get it into solution. It kills rats by causing an acute lung droopy and this poison must not be used where there is any chance of contaminating food supplies. The baits are placed near rat burrows and along runways, preferably behind boards or boxes, and all remaining bait must be removed before releasing pets.

If you are interested in ridding your place of rats, please phone or write the St. Catharines-Lincoln Health Unit, and ask for a free booklet: "The Rat Menace," which will be sent you without delay. It must not be assumed that elimination of rats is easy, but there is no doubt a campaign in this regard is worth while and gives excellent results providing everyone in the community does his share and assumes a certain amount of responsibility. The three important things in rat control are: Build out the rat—Starve out the rat—Keep out the rat.

Users praise 'blue coal' Budget Plan... "Helps us make ends meet"

"I SAVED REAL MONEY last year when fuel prices jumped. It may happen again, too, but I'm all set. I've signed up on the blue coal Budget Plan and have no more worries about next winter's fuel supply."

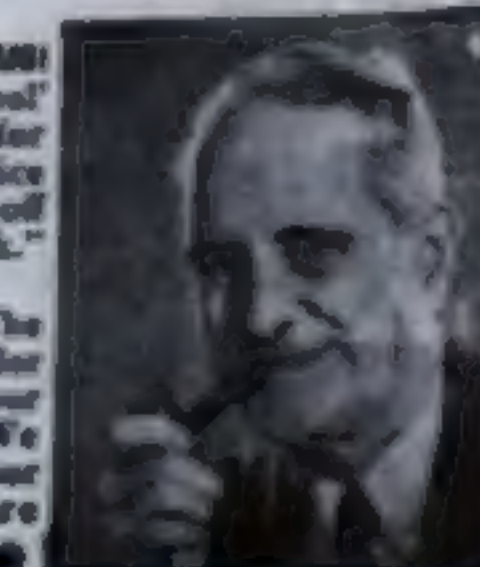

YES, hundreds find their household budgets run more smoothly when they take this easy way to buy coal. They avoid big winter bills by buying in spring and summer and paying in small monthly amounts. You, too, can save by using 'blue coal', you can save more by signing a 'blue coal' Budget Plan now and paying monthly just like a 'phone bill.

BIG BOMBS EN ROUTE TO ALASKA FRONTIER

These big bombs are part of a consignment destined for the U.S. air force in Alaska. They were photographed as they passed through Edmonton, Alta. The bombs are not yet filled with their explosive charges, nor have they been fitted with fins. Ultimate destination is Ladd Field, Alaska. It is estimated that these two are 11,000-pounders.

CONTINUATIONS

COBBLESTONE LODGE

time weighing too heavily on his hands, and so during the past few months he has undertaken a complete conversion of the property, and now has in Cobblestone Lodge, a truly beautiful tourist resort.

Cobblestone Lodge is different when compared to the average tourist resort, in that it is designed more on the model basis. The upstairs of the main building has been transformed into seven separate units with two baths, and certainly nothing has been spared to make his Lodge a really outstanding spot for the comfort and relaxation of the travelling public.

A second building has also been converted, and it contains five rooms with two baths and a shower, and here again the designing has been done in extremely good taste.

A feature that struck our fancy as we were conducted about the premises, is the spacious size of each individual room. Certainly a guest will not suffer from claustrophobia, which is often the case in many of the tiny cabins found in the average tourist resort.

MEMORIAL GARDEN

wave for West Lincoln's own Iris garden.

A roadway running parallel to No. 8 Highway will be of cement construction, and also a walk to the parking lot which is to be located on the west side of the hospital. The receiving entrance for stretcher patients is at a side entrance.

Considerable grading has been done on the spacious area surrounding the new building, and it is expected that the landscaping will commence this week. Many species of ornamentals will be planted throughout the grounds, also evergreens, these being artistically planted across the front of the hospital proper.

Front and centre will find the famous light standard brought from the former Deer Park Golf and Country Club. It seems only natural that this beacon should shine again on the main entrance of new West Lincoln Memorial. But the standard is not the only article salvaged from the disastrous fire. The beautiful brownstone from the former club house has been utilized at the main entrance of the hospital, and indeed gives the front a very smart appearance.

Equipment Made Ready
Certain equipment from the old hospital is at present being made ready for its new quarters. This includes the X-Ray machine, operating table and considerable other equipment valued at around \$35,000.

The kitchen will be entirely outfitted with stainless steel fixtures, the wards will also be outfitted as much as possible with stainless steel.

The Ladies' Auxiliaries of Grimsby and Beamsville are supplying the entire hospital with linens and draperies. Regardless of what other department might fall behind schedule, the ladies have been accomplishing magnificent work making ready the hundreds of necessary articles. Mr. Globe paid a glowing tribute to the Auxiliaries for their many hours of work, which he said has actually been almost on a shift basis.

OPTIMIST CLUB

stand the Family of Nations.

The speaker was introduced by George Curtis, and the vote of thanks was moved by Charles Tausky.

Committee Reports

Ken Philbrick reported to the members the present status of the proposed auction for which the Optimist Club has been collecting many articles from the people of Grimsby and the Township. A date has been set for the auction, this date being Saturday, June 18. It is likely that the sale will be held on the Harry Tuer property, corner of Park Road and No. 8 Highway.

The proceeds of this auction will further assist the Club in their extensive program of boys' work.

Eric Selby reported that the Junior Optimist Softball League was operating in fine style, and that sweaters and other equipment would be arriving in the very near future. There is a possibility that the senior members will take a little active participation on the softball diamond.

Gord McGregor proposed that the senior and junior clubs hold a picnic early in July, this matter was referred to Frank Davies and the programme committee. A report will be tabulated at the next meeting.

George Marfel was unanimously voted into the Optimist Club. Mr. Marfel is the first member to be taken in since the club was formed, and it is understood that there are several more applications for membership, these will be dealt with by the board of directors at their next meeting.

Bob Hyland, who is the chairman in charge of the sale of tickets for the fourteen foot boat at present being offered by the Optimist Club, said that the sale was going well, and that the boat had been on exhibition at the Winona Horse Show, and also at the Beamsville Motor Races. He informed the club that Col. G. R. Chetwynd of the Canadian Legion had refused permission to sell tickets at the recent Sports Day. Reason given was that the Legion would be selling tickets for their summer carnival. Hyland concluded, by stating that the Carnival tickets have as yet not been printed.

QUACK! QUACK!

The ducks are killed and dressed right there on the farm. After dressing they are packed in ice in preparation for the trip to the Hamilton market where the Simmons' have had their own stand for 20 years. Incidentally their stall number is number seven on the middle aisle.

Overhead in the business comes mostly from the high cost of feed (\$85 per ton). There are a few losses, however, when ducks find their way into the water troughs and drown in the cold water.

Great care must be taken in the raising of ducks to prevent the spreading of disease. While turkey flocks are subject to blackhead, and chickens to coxidiolosis, ducks are susceptible to a disease which affects the leg. By maintaining a system of extreme cleanliness in the pens, Eddie Simmons told The Independent that thus far they had not been bothered with disease, which is a credit to the manner in which their flocks are cared for.

Strangely enough the famous "duck dinner" has almost died a natural death. To the gourmet there is nothing that compares to a real roast duck dinner, many claim that of all fowl, duck is the most tender and absolutely the most delicious. It is only because

ducks have apparently been in short supply, that it is difficult to go out and buy yourself a duck dinner. The Village Inn, right here in Grimsby has been quick to realize the possibilities, and are specializing Simmons' tender ducks on its menu.

This year the Simmons' are hopeful of handling nine thousand ducks, facilities are to be increased, with the present 45x24' quarters enlarged to handle more of the pure white birds. Every effort has been made to keep the cost of duck down, and despite the high cost of feed, Mrs. Simmons is still selling dressed fowl on the market for fifty-five cents a pound. You do not have to be a mathematician to know that this is considerably cheaper than many cuts of beef.

Quacking its way through a life span of only eight weeks, the poor duck never gets a taste of the old duck pond, nor does the creature get the chance to scrounge about for any other feed other than a specially prepared mash. It's strictly a business proposition with the duck coming out second best while its mortal satisfy our keen appetites.

INTERPROVINCIAL VISIT
may live in a family where they can perfect their English. In past years, reports on such workers have been very gratifying and Interprovincial Visits tries to know in so far as possible all the visitors and families concerned, so as to ensure a pleasant profitable experience for all.

Needless to say such visits are very popular with our young people, many of whom continue to visit year after year, and are also highly recommended by the High Schools and the Department of Education.

Miss M. Carter, French teacher at Saltfleet High School, Stoney Creek is the representative for this district. Several students from Saltfleet High School and from other schools in the peninsula will be exchanging, visiting and receiving this year. The Students' Council at Saltfleet gives two scholarships of fifty dollars each annually for such visits.

Miss Carter suggests that anyone who would like to know more about the movement or would consider having one of these boys and girls to help on the farm, write to Interprovincial Visits, 173 Redpath Ave., Toronto, or to Miss Carter herself at Stoney Creek.

MUDGUARDS FOR HEELS

Ingenious Americans still flood the United States patent office with inventions ranging from dog boots to hen-marking nests. But what the patent office needs is a streamlined dog-flogger that might help get rid of the greatest backlog of patent applications in its 128 years of existence. With examinations 148,180 cases behind it looks like "Pat. Pending"—meaning "we're waiting for patent approval if the patent office ever gets around to us"—will remain firmly entrenched for a while on the new compunds and inventions.

Here are some samples for the people who like to put their best foot forward: A mudshield for the heels, a one-candlepower boot drier, a flexible heel duster and a safety attachments to shoes. And, of course, the duck boots, which you may want to stain to your pup, are something the things you slip over your golf clubs.

GREEN TREES GUESTS

Miss Louise Paine, Detroit, Michigan; Mr. and Mrs. S. V. Jackson and son, Cleveland, Ohio; Mr. and Mrs. Tiedels, Detroit, Michigan; Mr. and Mrs. L. E. Powell, Kenmore, New York.

Mr. and Mrs. G. W. McClure, Toronto; Mrs. Fuller, Toronto; Mrs. V. F. Buckle, Cleveland, Ohio; Mr. and Mrs. A. L. Brown, Cleveland, Ohio; Mr. and Mrs. F. C. Door, Detroit, Michigan.

SPRING TEA HELD BY TRINITY SERVICE W.A.

Fine weather favoured the Trinity Service Group of the W.A. when they held their Spring Tea at Mrs. Jan. H. MacMillan's last Friday. The guests were received at the door by Mrs. Norman Bowers, President of the Club, and Mrs. L. A. Griffith.

The living room was beautifully decorated with spring flowers and the guests were made to feel at home by Mrs. Geo. Mitchell, Mrs. W. H. Ketterhorne, Mrs. Don Marshall, Mrs. F. G. Kemp and Mrs. Carm. Millard.

Pouring tea in the afternoon were Mrs. Harper, President of the W.A., Mrs. Artie Clark, Mrs. E. W. Phelps, and Mrs. Russell Terry and at night Mrs. Robt. Gibson and Miss Verna Lewis, President of the Evening Auxiliary.

A sale of work was conducted in the den and that department was ably looked after by Mrs. Archie Alton, Mrs. Olive Shantz and Mrs. Reg. Cloughley. Many useful and varied articles found ready sale and contributed considerably to making the affair a financial success.

Treasurers were Mrs. Bud Wilson and Mrs. Thos. Erskine.

The ladies serving were Mrs. Don Beamer, Mrs. F. J. Ewart, Mrs. W. A. Crick, Mrs. Cliff McCartney, Mrs. Howard Ingelhart, Mrs. Ken Baxter, Mrs. Earl Marsh, Mrs. Doug Hartnett, Mrs. Ella Merritt, Mrs. Harold Jarvis, Mrs. J. K. Harstone, Mrs. Roland Merritt, Mrs. Harold Ketterhorne, Mrs. Keith Zimmerman, Mrs. Lawrence Hysert, Mrs. R. C. Becker, and Mrs. Gray Wilson.

Assisting Mrs. Victor Catton, the convenor of the Ways and Means Committee, who sponsored this event, were Mrs. Vernon Tuck, Mrs. John Aikema, Mrs. J. M. Lawson and Mrs. Wm. Newson.

The members of this worthy organization will discontinue meetings for the summer after their June meeting, and re-assemble in the fall, when they have full plans for many worthwhile projects.

VINEMOUNT NEWS

Members of the Executive and Standing Committee of the Vinemount Women's Institute, met in the W.I. Hall on Friday night to discuss arrangements for the annual picnic. Business arising from the plans submitted by the Building Committee was also a topic under discussion.

HORSE SHOW

Cooper King, owned and ridden by Charles McMullen, Toronto, was but one of the large entry list at the recent E. H. Cudney Blossom Time Horse Show. Although final figures have not been established as yet, it is expected that the Cudneys' splendid gesture will substantially assist West Lincoln Memorial Hospital. Previous to the Horse Show, Mrs. M. A. Cudney was instrumental in raising nearly three hundred dollars at a dance held at the El Morocco. This amount will also go toward the outfitting of a room in the hospital which is scheduled to open in July.

KENNEDY RESIGNS POST AS TRINITY ORGANIST

Mr. Donald Kennedy, B.A., Mus. Bac., A.T.C.M., organist and choir master of Trinity United Church has resigned his position to accept a similar position at Trinity United Church, Peterborough.

Mr. Kennedy has served the Grimsby church for the past four years, keeping the standards of music on a consistently high level. Under his direction the choir has distinguished itself on several occasions, attempting successfully such ambitious works as Stainer's "Crucifixion," and Maumder's "Olivet to Calvary," and attaining second place in the 1948 Kiwanis Music Festival in Toronto. A year ago he organized and began the training of Trinity Treble Choir, a group of 35 boys and girls who since then have contributed much to the musical life of the church.

Trinity United Church, Peterborough, has one of the most influential congregations in the Bay of Quinte Conference. With a membership of eleven hundred, large well-equipped buildings, and a fine organ and choir, it offers Mr. Kennedy excellent opportunities in his line of work. He assumes his duties there on August 1st.

Mr. Kennedy will be missed in Grimsby not only by the church but by his large number of private piano pupils.

I.O.D.E.

The regular business meeting of Lincoln Loyalist Chapter, I.O.D.E., was held in the Grimsby High School on Monday afternoon, May 30th, with the Regent, Mrs. E. A. Buckenham, presiding.

At 2 p.m., through the courtesy of Mr. Donald Arde, G.H.S. Principal, a movie film depicting Newfoundland was shown to members and friends. This was the film that was to have been shown for Empire Day, but owing to its late arrival, the showing had to be held over.

Mrs. Brock Snyder and Mrs. Wm. Greig, Post-War Conveners, reported that our five monthly boxes for Britain had gone forward, and arrangements were made for this month's boxes.

Mrs. Donald Smith told us that a very satisfactory return had been received from the Spring Tea held at Green Trees, the home of Mr. and Mrs. A. J. C. Taylor. Mrs. Robert Gibson, Immigration and Canadianization Convener, said that plans were being made for a social evening to be held in June for the New Canadian class. Arrangements were made for the I.O.D.E. Tag Day which is to be held on Saturday, June 25th.

Mrs. L. A. Bromley reported on the War Memorial Scrolls, and June 25th was set as the date for the unveiling of these scrolls in the Town Library.

Our June meeting is to take the form of a Pot Luck Supper, this is to be held at the home of Mrs. Neil Leslie on June 27th. The meeting will be called for 4 p.m., and the Pot Luck Supper will follow. Those in charge of arrangements for this meeting are Mrs. W. H. Morris, Mrs. Robert Gibson, and Miss Elizabeth Smith.

CLUB

On Monday evening, thirty-eight members of the Beaver Club sat down to a bountiful supper, provided by the long shuffleboard team, under the convenship of Mrs. John Saunders. The guests thanked their hostesses of the evening for a most delicious meal by singing a humorous song, written by Mrs. A. Stevenson, and which was sung to the tune of "The Man on the Flying Trapeze."

Mrs. G. Mogg, on behalf of the Red team, accepted the silver cup, which is presented each year to the winners of the tournament. The remainder of the evening was spent playing games, with almost everyone receiving a small prize.

The next meeting will be held on June 20th at the home of Mrs. Eric Garnham, Grimsby Beach. Members are asked to meet at the Post Office at 7.45 o'clock, where transportation will be available.

HAMILTON CHOIR IN CONCERT AT SCHOOL

Some delightful singing was heard Wednesday evening, May 25, in the High School Auditorium, when the Trinity Church Young Adult Group sponsored a concert by The Hamilton Ladies' Choir, under the direction of Mrs. Brooks Bowman, A.L.C.M. The audience was small but it accorded the singers warm applause.

The choir numbers about forty selected voices which have been carefully trained by Mrs. Bowman. The singers were notable for their clear diction, good expression and general finish. Miss Elsie Chambers was accompanist.

Opening the concert the choir sang "O Canada," "Gold and Silver Waltz" by Franz Lehar, who passed away this year, and "The Green Cathedral," by Hahn. The second group of numbers was "Romany Life" by Victor Herbert and a special arrangement of "Oh! Dear, What Can The Matter Be?", "The Glow-worm" by Lincke, and "Carmina" by Lane. The choir concluded the concert with "Romance" by Romberg, and finally a Victor Herbert Medley.

Assisting artists on the program were John Sopinka, violinist, a pupil of Frederick Estock; Phyllis Mallory and Phyllis Abernethy, who sang some charming solos. Norma Jean Barry and Wynne Place presented two dainty little songs in costume. Mrs. Brooks Bowman was their accompanist.

Mrs. E. Wood, monologist, gave an excellent performance. She told in story form "The Dentist Office," "The Hat Shop," and "My First Car Ride."

Those who heard the concert went away with the feeling that it was an evening well spent.

Grimsby Beach

MISS MAY CRITTENDEN,
Resident Staff Correspondent.
Telephone Your News Home To Her.

Mrs. T. Shaw is spending a few days visiting friends in Toronto.

The booth at the Beach was open on Sunday under new management.

Mr. and Mrs. G. A. Robson, Central Ave., spent a few days visiting in Toronto.

Mr. and Mrs. R. U. Snell moved last week from the Beach to reside in Tillsonburg.

Mr. and Mrs. C. A. Duthe were in Canton, Ohio, for a few days visiting Mrs. Duthe's mother.

The Fire Department had a run on Friday to a chimney fire at W. Stogren's on the Lakeshore.

Mrs. E. J. Gill and Mrs. S. S. Martia of Toronto, are visiting Mrs. J. Pearson this week.

Miss Irene Milne from Goderich, has been engaged as the Primary Teacher for Grimsby Park School.

Congratulations to Havelock Jewson, who was successful in passing his second year at Toronto University.

Dr. Arthur Jarrett of Little Falls, N.Y., visited at the home of his father, Mr. George Jarrett for a few days.

Mr. and Mrs. Leonard Eames and family of Hamilton, have moved down to "Friendly Acres" for the summer.

Mr. and Mrs. Harley Hildreth Bonnie and Ronald, of Stoney Creek, spent the weekend with Mrs. G. A. Hildreth.

Mr. and Mrs. Fred Rowe and the Misses Rowe of Whitby, spent a few days last week with Mr. George Jarrett, Park Rd.

Mrs. Walter Schott and Mr. John Schott were in Toronto on Saturday attending the wedding of Mrs. Schott's sister, Miss Dorothy Beattie to Mr. Ronald White.

A few cottagers have returned to the Beach for the summer some of them are: Mrs. J. Small and Miss Ethel Scott from New York; Mrs. J. MacMillan and Mrs. Hugh Martin from Toronto.

Mrs. J. M. McClelland attended the wedding on Saturday afternoon at Milton of Donna June, daughter of Mr. and Mrs. T. A. Hutchinson, to Mr. Roy Baldwin of Hamilton. The bride was a granddaughter of the late Mr. J. McClelland.

Mr. L. W. Sovereign of Central Avenue, who has been confined to the hospital for three years, spent a few hours at his home last Thursday afternoon. He was accompanied by Mrs. Sovereign's brother, Mr. C. L. Brown, General Secretary of the Y.M.C.A. of Hamilton.

BIRTHS

KOEGLER—In Strathroy Hospital, Friday, May 27th, to Mr. and Mrs. John Koegler, a son. (Mrs. Koegler, formerly Meri Betmer, is the daughter of Mr. and Mrs. Herbert Betmer).

COMING EVENTS

The members of the Women's Auxiliary of St. John's Anglican Church, Wilmora, are celebrating their 40th anniversary on Friday, June 3rd, with service in the church at 2:30 o'clock.

The guest speaker will be the Rt. Rev. W. C. White, recently returned from China. Afternoon Tea will be served at the Legion Hall, corner of Wilmora Road and Barton St. following the Anniversary Service.

THE WOMEN'S ASSOCIATION of Trinity United Church are holding a Tea and Sale of Baking at the home of Miss Margaret Allan, 66 Main E., on Friday, June 10th, from 2 to 5:30.

BAPTIST CHURCH

Among those received into the membership of the Baptist Church in town at the communion service last Sunday morning were the three adult members of a Latvian family who have recently come into the district from a displaced persons' camp in Germany.

These and other compatriots from Latvia and Augsburg in the United States Zone in Germany, strong in their religious convictions, formed a Baptist Church in that district and with their ordained minister, ministered to the spiritual needs of Baptists and other evangelicals in the district.

This is the second family from Europe to be received into the fellowship of the Baptist church here during a year's time.

These have brought their simple direct faith and strong convictions with them and as they reach a greater proficiency in the use of the English language will become more and more helpful additions to our Baptist church life in Grimsby.

BRIDAL SHOWERS

Mrs. Fred Taylor entertained at a trousseau tea for her daughter, Audrey Marie, on Saturday, May 28. The table was beautifully decorated with coral balls and forget-me-nots.

Mrs. Albert Dipper, mother of the groom-to-be, assisted in receiving the guests. Pouring tea were Mrs. Norman Black and Mrs. Leonard MacDonald, aunts of the bride, and Mrs. Albert Lapin. Others assisting included Mrs. Edward Marlowe, Mrs. Elmer Johnson, Mrs. John MacLennan, Mrs. Robert Cole and Misses Lois Taylor, Margaret Ann Johnson, Mary Lou Marlowe, Joyce McLennan.

Miss Juanita Dipper opened the door for the guests.

Several delightfully arranged shower parties have been given in honour of Miss Audrey Marie Taylor, who is being married June 4.

Among the hostesses were Mrs. Harold Costello, Mrs. Edward Marlowe, Mrs. Francis May, and the Bell Telephone girls; also Mrs. Albert Mitchell of Hamilton Beach.

IN MEMORIAM

BENTLEY—In memory of our dear little girl, Gloria Jean Bentley, who passed away a year ago on June 4th.

Tonight the stars are shining On a lonely little grave, Where sleeps in dreamless slumber One we loved but could not save.

She suffered much, with patience here, Physicians were in vain, Till God above in His great love Released her from her pain.

She bade no one a last farewell, She said Good-bye to none; The heavenly gates were opened wide,

A loving voice said "Come."

No one knows how much we miss her,

No one knows the bitter pain We have suffered since we lost her. Life just has not been the same.

In our hearts her memory lingers, Sweetly tender, fond and true; There is not a day, dear Gloria, That we do not think of you.

—Always remembered by Mommy and Daddy and never forgotten by Brother Charles.

GUIDES AND BROWNIES IN HONOR GUARD

Members of the Grimsby and District Guide and Brownie Packs were among the Guard of Honour which was inspected by Governor General and Lady Alexander at St. Catharines. The ceremony took place in Montebello Park on Thursday and several awards were given to Scout and Cub leaders of the district.

The Guard of Honour was made up entirely of Guides and Brown-

(The Triumvirate)

Since exams are uppermost in all our minds we will give them the honour of being the first topic in the column this week. For the past week we have been denied our "break." The reason for this denial is that Upper School has been sensibly making her thanks on papers which, when marked, will help decide whether they will be given the privilege of writing those dreaded "Departs."

Yesterday they finished writing these May exams and will have a breather of two weeks until the 15th, when they begin again! The 22nd will be a day for celebrating which will continue until the results are out. Leave us not talk about marks though until the fateful papers are written.

Here are The Triumvirate, Gerakline Marsh, Earl Metcalfe and Ruth Clarke, who have this past High School year done such a remarkable job of conducting the "G.H.S." column in The Independent.

To-morrow will be a day of reckoning for every student in Middle and Lower School. That is the day when teachers come around with their little black books and tell the students just exactly how many exams they are to be recommended in and how many finals will have to be written. The standard for recommendations is high at OHS. An average of at least 75% in each subject must be obtained before a student may be exempt for the June finals. The staff feels that the student who receives a "second" (60-74%) should have the opportunity to try to raise his average to a "first." The same goes for "thirds."

The timetable for these finals was posted last Monday and next Tuesday, the 7th, will see the beginning of the last set of exams this year. These continue through until the 14th of June. After this date, school is out until the 24th when reports will be distributed.

Last Thursday, OHS played their first game of softball against Smithville I.R. in 3 innings of play Smithville pulled ahead and edged OHS out of a victory by a score of 13-10. Howie Walters slugged the only homerun for OHS but the other boys were in there fighting. We feel that Umpire Mogg was inclined to be a little tough on OHS in order to appear as "impartial."

les and was inspected by Lady Alexander. The following ladies from this district were members of the Guard: Mrs. F. Lee, representing the Guides of the district, Miss V. Fox, representing the Brownies, Guidess Judy Baxter, and Kay James from Grimsby, Susan Cooper from Beamsville, Sheila Pyett from Grimsby Beach and Brownies Charlotte Globe of Grimsby, and Diana Downing of Jordan. There were a total of 23 Guides and Brownies in the Guard all together.

After inspecting the Guard, the Governor General and Lady Alexander planted a fine maple tree in commemoration of their visit to St. Catharines.

BEAMSVILLE I.O.D.E

On Monday afternoon, May 3rd, the members of the Lena Davis Chapter, I.O.D.E., visited the even Public School of the District and conducted the Empire Day Contest in Grades VII and VIII, which again this year took the popular form of a Quiz, the subject being on Social Studies concerning Canada and important current events.

An interesting book, suitable for the age group, was presented to the winner at each school. Following is the list of pupils receiving the merited award: Silverdale—Willard Lane; Tintern—Ellen Hannah; Campden—Steve Vdovick; Grobb—Annie Derksen; Vineland—Leslie Wallace; Vineland—Betty Okashimo and Ralph Richardson, tie; Lake Shore—Tena Enns; Maple Grove—Louis Cuffman; Lower Thirty—Robert Jones;

We had the honour of having Mrs. McKellar visit us last year also. She represents the Canadian Red Cross in regards to their Swimming and Water Safety summer programme. This year's Red Cross School of Instructors is being held from the 27th to the 30th of June at the St. Catharines Y.W.C.A. Anyone interested in attending the School is to get in touch with Ruth Powell of Grimsby.

The two films Mrs. McKellar had brought with her were very interesting. The first one was taken at various swimming meets throughout the United States, picturing such famous champs as Bill Smith, Ann Curtis, and Jimmy McLane.

The second film was on synchronized swimming, a form of complicated water stunting combining skills such as front and back somersaults with grace and form. These of you who were at the Aquatic Meet held at the Beach last summer would recognize June Taylor in the second film as the girl who performed a number called "The Hat" using this synchronized swimming. Thanks very much, Mrs. McKellar, for coming again to talk to us. I'm sure we all enjoyed the films (even if there was too much light) and we'll start training immediately for the coming Olympic games in '52!

IN MEMORIAM

LUNT—In loving memory of Grace, who passed away June 3rd, 1943.

Her memory is as dear to-day, As in the hour she passed away.

—Father, Mother, sister Mabel

CARD OF THANKS

We wish to thank the many friends and neighbours for their messages of cards of sympathy and the beautiful floral offerings, and to those on 1st line cars in our recent bereavement of a sadly missed husband and dad.

Thanks to the doctors & nurses at Hamilton General Hospital, also to Dr. Christie and those who donated blood. Special thanks Rev. J. P. McLeod and Mr. E. L. McLeod.

Mrs. Robert Mackie and family

ENGAGEMENT

Mr. and Mrs. G. W. Gledhill announce the engagement of their youngest daughter, Helen June, to Allan Ernest Poole. The marriage is to take place on Saturday afternoon, June 25th, at 3:30 o'clock, in St. Andrew's Church.

CARD OF THANKS

Mrs. Wm. R. Martin and family wish to express their sincere

thanks and appreciation for the many acts of kindness and sympathy extended to them during their recent bereavement, for the beautiful floral tokens and to those who so kindly offered their cars.

We would like to take this opportunity to thank our friends and neighbours for their many acts of kindness and thoughtfulness since our serious accident; special thanks to Doctors Christie and Parker.

N. and Mrs. Irvine.

DANCE RECITAL DRAWS CAPACITY CROWD

The second annual dance recital, presented by the pupils of the Susette School of Dancing in Grimsby High School on Friday evening, May 27th, was a huge success. Every available seat in the auditorium was taken and standing room was at a premium.

The audience was astounded at the talent displayed. From the tiniest toddlers, who completely captivated the hearts of all to the more advanced pupils, whose technique was well nigh perfect, the evening's performance was greatly appreciated by everyone.

The fairy-tale Ballet entitled, "The Enchanted Cottage," presented by the Junior Ballet class and The Tiny Tots, was very well received. The acting ability of Claire and Gail McCausland was outstanding and the dancing of the Forest Fairies and Sprites was very pleasing. Elaine Sanders as "Pearly Thistle-down," danced prettily with her magic wand. "Toodles"

Sutherland as "Little Bunny Black Ear," showed great talent for her age of five years. The "Wood-Fussy" danced by Eugene LaPage, just four years old, and youngest in the group, brought out many chuckles by his cute antics.

The Intermediate Tap class performed a smart French Maid number with Mary-Anne Nelson as the Bell-boy, assisted by Mr. Allan Bentley as the Desk Clerk and Miss Bea Demerling, the Hotel Guest. Their second number was a Spanish Tango Tap.

Patsy Anne Betteridge, of Beamsville, gave a fine recitation about Mother's Musical Powder Box and as she opened the lid of the gilded box, out climbed tiny Kristien Eickmeier as the Powder Puff whose dainty dancing brought the house down.

One of the most talented young tap dancers was five year old Jacqueline Lawson, who showed perfect rhythm.

Fun on the Farm, by the Beginner Tap class caused great amusement as the Farmer's Boys, swinging mice by their tails, frightened

BUMPER TO BUMPER, CARS CRAWL ON NIAGARA PENINSULA

Automobiles—thousands of them—are slowing traffic to snail-like speed on eastern Ontario highways. West-enders and holiday-makers, U.S. and Canadian, form a bumper-to-bumper line extending for miles even along four-lane highways. The traffic tie-ups are particularly dense at border points and here Niagara Falls illustrates the prospect that faces motorists in the summer months to come.

load today.

In the Preface of Science and Health you will find an interesting exposition of some of the steps which were taken by Mrs. Eddy before she was ready to publish a complete statement of Christian Science. On page six she makes this significant observation: "She had learned that this Science must be demonstrated by healing, before a work on the subject could be profitably studied." On the next page she declares: "By thousands of well-authenticated cases of healing, she and her students have proved the worth of her teachings. These cases for the most part have been abandoned as hopeless by regular medical attendants. Few invalids will turn to God till all physical supports have failed, because there is so little faith in His disposition and power to heal disease."

While I was serving as a Christian Science War-time Worker, a Navy Chaplain asked me one morning, "How does it happen that a Christian Scientist has the bumps?" I replied that Christian Scientists seem to have difficulties along with the rest of mankind, but that we overcome them in a different way. The Scriptures contain many accounts of the troubles of the early Christians and how they were corrected through the teachings and practice of our Way-shower. The Psalmist wrote, "Many are the afflictions of the righteous; but the Lord delivereth him out of them all" (Ps. 34:19). Jesus overcame the crucifixion, and we are profoundly grateful that we are learning through Christian Science to heal as he did, through spiritual means alone.

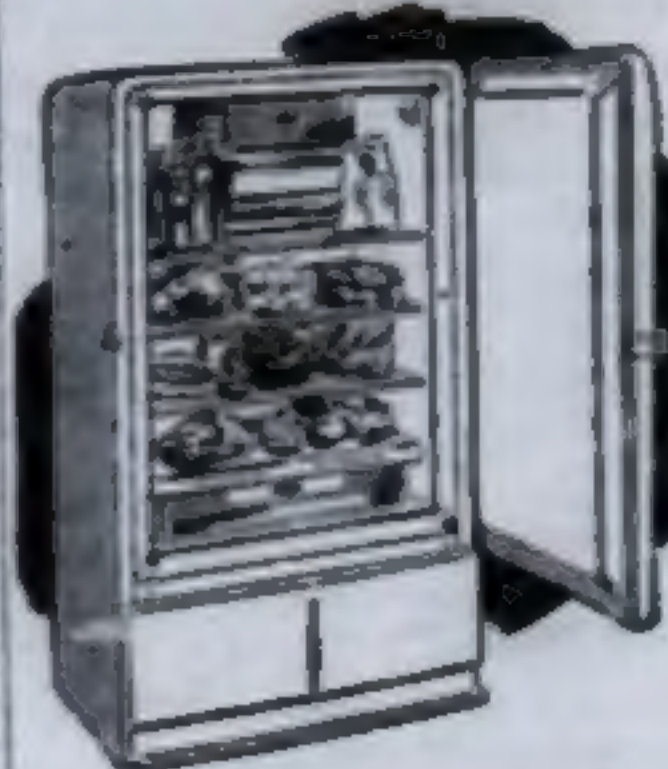

PAINTED HORSES

No race horse dyer known was ever as successful as Paddy Barrie who, between 1926 and 1934, helped American gambling syndicates swindle racing fans out of some \$4,000,000. Paddy would buy two horses, one with a good record and one that ran badly and "paint" the fast animal to resemble the other. He would then enter the ringer in a race in the name of the slow horse at odds of about 50 to 1; and the ringer, being doped, would generally win. Such tricks, however, are no longer possible. With special dyes, bleaches, stencils and dental instruments, Paddy could change the appearance of a horse so completely that he was able to enter his favorite, Almahon, under three aliases in five races at four tracks: Havre de Grace, Bowie, Agua Caliente and Hialeah. Exposed through an accident at Hialeah and wanted by the police, he was able to carry on his ringer and escape arrest, by using different names and disguises, for more than two years. Finally captured at Havana in August, 1934, because he had violated an immigration ruling, Paddy was deported to his native Scotland.

CONTINUATIONS From Page One

FRANK PSUTKA

Although the Lions were prepared to sponsor the entire idea, it appears now that advantage will be taken of the government grants which are allowed for such a recreational program as is being set up here.

A Recreational Council has to be set-up in order to comply with the government regulations, this group will likely consist of those men who have been prominent in carrying the project this far. Town Council will be approached, for it is this body that authorizes the Recreational Council.

JAYCEES COMPLETE
may for some reason object to the signs being put on their windows should at once contact some member of the organization in order that their stores may be missed when the painting is done. You are reminded, however, that the signs will be painted on Monday evening and will be REMOVED on Friday evening.

A number of wire waste baskets are being obtained by the Chamber and will be painted and placed at various places on the streets of the town on the second night (Tuesday) of the campaign. These baskets will also have a sign on each with the letters J.C. on it so that citizens will be reminded who sponsored the idea. They will be left in

place for a year and then collected and painted again.

On Wednesday evening a complete manure of Main St. is planned. This will include a careful washing and brushing down by the members.

Thursday evening will be spent painting cross walks at four major crossings, and as well the bus stop on Main St., will be clearly marked. The four crossings are at the Main St. stop light, the corner of Main and Livingston, the corner of Main and Mountain and at the Public School crossings on Livingston Avenue.

On Friday evening a D.D.T. spray will be used on the streets and some time will be spent in removing the stencils from the windows of the local stores.

The success of this Clean-up Paint-up campaign depends largely on the complete co-operation of the public in swinging in behind the Jaycees and trying to make the town something to be proud of.

Plans were also started at the meeting to stage a boxing show at some time later in the summer. Several members were detailed to find out more about the obtaining of fighters and the arranging of bouts.

The question of the forthcoming dinner meetings came up for discussion but was deferred until a later date.

WILL B. DAVIS SPEAKER ON CHRISTIAN SCIENCE

Speaking at the Westdale Secondary School Auditorium on Friday night, Will B. Davis, C.S.E., member of the Board of Lecturers of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, spoke to a large audience. His lecture, "Christian Science: The Way of Freedom from Human Disorders," His address of interest to all is as follows:

Almost everyone is seeking a way out of some situation that is irksome or unsatisfactory. To gain and maintain a sense of harmony and freedom requires much more than a hazy acceptance of the unlimited bestowals of God's boundless goodness.

Freedom must be earned, and if it is to continue, it must be accepted, utilized, and maintained. Paul in his epistle to the Galatians emphasized this point when he wrote: "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage" (Gal. 5:1).

Healing as Jesus Did

There is ample evidence in Paul's writings that he had learned that the true followers of our great Master can express the Christ and thereby heal as Jesus did. It was this discovery that the Christ may be entertained in human consciousness that enabled Mary Baker Eddy to bring to this age the way of freedom from human disorders and limitations. When we learn how to keep our human thinking in close communion with the one supreme intelligence, the one Mind or Principle called God, we are let-

LARGEST METEORITE

The largest recorded meteorite that ever hit the earth was the Tunguska Meteorite which crashed in a forest in Siberia on June 30, 1908. While the shock caused the ground to tremble for hundreds of miles and was registered on most seismographs in the Eastern Hemisphere, the damage done was not known until 1927 when an expedition was sent to report on it. The mass was estimated to have weighed about 40,000 tons. The explosive violence of its impact had not only broken it into 200 pieces, but had also killed some 80,000,000 trees within a radius of 35 miles.

WINNER OF THE HARNESS RACE... BY A NECK

Harness racing has its close races, too. Driver M. Ehnerd urges Allen Spencer (No. 4) at the finish line of the eighth race on opening day at Aurora Downs, Ill., but Oh Johnny (No. 7) held his slight lead. Aurora already is on its way to a successful meeting. The crowd and mutual handle opening day were considerably better than last season.

SPORTS

SOFTBALL

Ed. Note: In an effort to give complete coverage of all games played in the Fruit Belt League, cards have been forwarded to all team secretaries, which we are requesting be forwarded to this desk immediately after the game. Independent reporters will cover as many games as is physically possible, but it is necessary that every team forward reports in the card supplied by the League. The independent is happy to give every team as much publicity as possible, but we can only do this with the co-operation of all teams.

Peach Kings 10; Tapletown 1
The Fruit Belt Softball League had its official opening on Thursday night, with four teams swinging into action. Up at Tapletown, President Fowler of the Tap Men's Club threw in the first ball with a flourish, and Gordie Buchan took over from there, hurling a nice effort for the Grimsby Peach Kings, who won handily by a ten to one score.

The Kings have not had a great deal of practice, but looked fairly sharp in turning back the league's new entry. Buchan earned for himself fifteen strikeouts, with Ray Bentley doing stellar work as Buck's battery mate. Incidentally, Ray Bentley is a comparative newcomer to Grimsby, a salesman yet.

Percival and McClaren went the route for the Taps, with centre-fielder Gilman and second sacker Kucma, being outstanding contributors to the Tapletown cause.

Red Mason swung a lusty bat, getting three hits and a walk in five trips. Red drove in four of the Kings' runs.

Smithville 4; Beamsville 3
Pod Reid has been promising the Beamsville fans that he would field a stronger entry this season, and the boy just wasn't beating his gums. Although Smithville edged out a slim four to three win in the season's opener at Beamsville, last

years league winners were pressed plenty by Reid's Ramblers.

Most of the difference hinged on the addition to the Beamsville pitching staff, which this year has been considerably bolstered by one Don Konkle. Don pitched city ball last season, but came home this year, and his presence will make the Beamsville entry a serious one for league honors. Brother Dutch is behind the plate.

The Smithville crew is practical-

ly the same as last year, and it was good to see Book back in action again, being a good battery mate for Johnny Belcot.

Smithville took a two run lead at the end of five, added a single in the eighth, when Beamsville rallied for two, but fell one short of tying up the ball game.

PLYMOUTH GIVES YOU MORE! MORE FOR YOUR MONEY... AND MORE THAT'S NEW!

*SPECIAL DELUXE FOUR-DOOR SEDAN with larger 110 1/2" wheelbase

Plymouth gives you value where it counts!

More Value where Comfort Counts! Plymouth's longer 110 1/2" wheelbase (up to 8 1/2" longer than competitive cars) allows better seating of passengers and greater comfort.

More Value where Safety Counts! Plymouth's close-height built (up to 3" higher than competitive cars) provides more useful interior and safety, over the hood rim.

More Value where Performance Counts! The renowned, simplified 1 and 2 Plymouth engines have lower moving parts to wear, reduced maintenance costs. Provides all of 37 hp. and has higher compression ratio for better performance at all speeds.

Here's the new Plymouth... a car that likes to be compared for value!

In the new Plymouth, Engineering magic greets you right from the start. You don't grope for a starter button. You don't poll on a choke. You simply turn the ignition key—and the engine starts! In the more powerful 97 horsepower engine, there are many Chrysler-Engineered features, such as—4-ring pistons for better compression, fuel and oil economy—a floating oil intake and oil filter for longer, more efficient engine life. Your dealer will show you many more.

Plymouth doors are wide at the bottom to allow easy entrance. Interiors are roomy and restful, with plenty of headroom. Seats are chair-height, wider and deeper from front to back. Windshield and rear windows are 1/4 larger for better, safer vision.

Get the most for your automobile dollar. Compare Plymouth on all counts! When you do, you'll agree that feature for feature — dollar for dollar — the great new Plymouth is Canada's best price-buy!

*Whitcomb Tires and Four Finger Stone Shields are extra equipment.

determining latitude from starts and such.

The above scene depicts the view at Derby Downs, Akron, Ohio, on Soap Box Derby Race Day. There are more than 75,000 spectators in the stands to see 150 boys compete in the "greatest amateur racing event in the world." One of the two Canadian Final Derbys is to be held in St. Catharines in the near future with six Grimsby boys in the competition. They are David York, sponsored by Harris Motors; Clarence Zeigler, sponsored by J. B. McCausland; Brian Jones, sponsored by Lewis Jones; George Stuart, sponsored by Niagara Catharines Derby, sponsored by The Pittsburg Water Heater Co. Entries for the St. Catharines Derby are now closed. The boy winning the St. Catharines Derby and the one winning the British Columbia Derby are to be the guests of the American Derby at Akron, Ohio, in the finals. (Note: The name of one Grimsby competitor is unavailable to us.)

SPORTS

RESULTS OF LEGION SPORTS DAY NOW TABULATED—POOR SHOW FROM LOCAL ATHLETES

With the largest entry list ever, the West Lincoln Branch of the Canadian Legion sponsored Track and Field Meet was the best yet. Athletic Clubs from New York State, Toronto, Hamilton, St. Catharines, Hamilton, London and Stamford sent contestants, some of whom may be possible starters in the next Olympic Games.

Bernie Ollivet of the Lakeshore Y. Toronto, was the only winner of more than one event, taking the one hundred yard dash, as well as the 230 yard dash. Keen competition in the pole vault kept the fans attention for over an hour, with Stan Egerton of West End Y. finally winning out.

Whitney Sheridan ambled home a winner in the 10 mile road race, and told The Independent that he was in good shape for the Boston Marathon, which he is entering this

year. Following are the complete results of the twenty-five events, both open and closed. The entry list for the closed area was most disappointing, with very few high school athletes taking part in the competition.

100 Yard Dash—Men (Open)

1. Ollivet, Bernard, Lakeshore Y., Toronto.

2. Borge, Joseph, (Un.) Brockport, N.Y.

CARLING'S

CONSERVATION CORNER

The burning of grasslands upsets the balance of nature. It destroys the cover of dead grass that helps to restore fertility to the soil, and kills young trees, wildflowers and ground-nesting birds. Remember, it pays to keep nature in balance.

YOUNG MASTER OF OLD-FASHIONED COURTESY

His physical training lessons have not been lost on Michael Burman, whose whole-hearted bow—apparently inspired by "trunk forward bend" welcomed Princess Elizabeth (holding bouquet) at Birmingham, Eng. Michael's courtly greeting draws smiles from the princess, the Duke of Edinburgh (right), and the lord mayor of Birmingham, Councilor John C. Burman.

SPORTTRAYAL

By "HIGH" MCGREGOR

Softball entered the sporting scene last week, with the Peach Kings romping home with a ten to one win over the League's new entry, Tapleystown.

From where we sit, and according to hot stuff right from the horse's mouth, Fruitland and Tapleystown, are the two weakest sides in the league, at the present time.

Smithville, back in action, have practically the same line-up as last year, including Johnny Belmont, who represents forty per cent of the Smithvillians.

The appearance of Darin Book, Smithville catcher, who suffered a compound fracture of the leg during the 1948 campaign, was welcomed by all good sports in the Fruit Belt League.

Back to hockey for just a fleeting moment. Seems as how the idea of selling tickets on a car, the proceeds of which would go toward the formation of the Peach King Hockey Club for next winter is slowly disintegrating—in case you're interested there are supposed to be two hundred and seventy-five cars in the Province at present being sold via the ticket route.

"Old Tobe", custodian of the Harry Biggar stable at the Beamsville "racing oval" is still trying to quiet down Harry's prize three year old Mr. Van Aglin, following a little episode at the recent auto races when one of the cars with a definite grudge against horses, dropped through a fence and proceeded to knock heavily on the stable door. This was but one of the more thrilling moments of the afternoon. Incidentally Mr. Biggar plans on sending entries to Hamburg, N.Y., for the first race meet there this summer.

Baseball is returning to Grimsby. With the arrival of some new talent a local club has been formed and is trying to enter the Intermediate ranks of the Niagara District Association. Local officials have been in contact with Elble Bishop of Ridgeway and are attempting to join a loop consisting of Ridgeway, Port Erie, Danville and Crowland. If they are successful, local fans will see a lot of first class baseball this season.

The new club is coached by Ray Bentley, who has already made a name for himself in softball ranks here. He has had some experience with the playing senior ball, and with the playing assistance of Chap Gordon, capable assistance of Chap Gordon, it is expected he will turn out a good club. Chap, of course, is well known to Grimsby fans for his work with the St. Joseph's Club under the guidance of Father B. A. O'Donnell and Father Carrore.

The playing ranks of the club will be strengthened by the addition of John Holder Jr., the local Village Banker's prize and joy. Johnny has just returned from Queen's University where he was prominent in the sporting field.

Another recent addition to the playing ranks is Don Warren, con-

player of the local Bank of Commerce. Don came to Grimsby through the bank by way of Mitchell and Godrich, where he has had experience in junior ball as well as junior hockey.

Arrangements are under way to bring some first class ball clubs to the local park for exhibition tilts the first of which will take place in the near future.

Girls' softball is again beginning to appear in the district as several clubs are calling practices preliminary to fielding a team. Coach Ed Fisher and his Grimsby team, who are newcomers to the league are the farthest advanced, having already had several workouts. The Grimsby club has been on the field at least once and signs of activity are seen in the directions of Calverville and Tapleystown. Grimsby Beach expects to have a club but as yet enough residents have not arrived to warrant the calling of a full fledged practice. Another of last year's entries, the local Canadian Ukrainian Youth Association, under the capable coaching eye of Nick Myroniuk, are certain of fielding an entry and already have had several practices.

HIGHLIGHTS IN THE LIFE OF GEORGE DREW

Born May 7, 1894 at Guelph, Ontario.

Educated at Guelph schools, Upper Canada College, University of Toronto, Osgoode Hall Law School, Toronto.

Married September 12, 1936, to Florence Johnson, daughter of Edward Johnson, Metropolitan Opera lyric tenor and later General Manager.

Mr. and Mrs. Drew have two children, Edward, age 11, and Sandra, aged 8.

Went overseas with the Canadian Expeditionary Force in the First World War, was wounded and mentioned in dispatches.

On return from overseas became officer commanding 16th Battery, Royal Canadian Artillery, Harrier and officer, 1920.

Author of "Canada's Fighting Airman," "The Truth About the War," "Canada Part in the Great War."

Elected Alderman, City of Guelph, 1922-24.

Elected President, Guelph Chamber of Commerce, 1924.

Elected Mayor of Guelph, 1925.

Elected Leader of the Ontario Progressive Conservative Party, December 8, 1936.

Elected to the Ontario Legislature at a by-election, February 14, 1938.

Premier of Ontario, General Election, 1942.

Premier of Ontario, General Election, 1945.

Elected Leader of the Progressive Conservative Party of Canada, October 2, 1942.

Elected to the House of Commons at Carleton by-election, December 20, 1942.

Leader of the Opposition, 1949.

THE WILY CHINESE

Many years ago an American life insurance company opened a branch agency in Shanghai and, within a short time, it was crowded each day with men demanding policies. This land-office business puzzled the manager. He had not advertised and few Chinese had yet heard of insurance protection. But a few weeks later, he learned the reason. When one of his clients died, the other policyholders were convinced that the manager was a faker and a mob of them wrecked his office. Each client had taken out a policy in the belief that it would protect him against death.

TENDERS TOWN OF GRIMSBY

Tenders will be received by the undersigned, up to Thursday, June 2nd, 1949, for the construction of concrete sidewalks as follows: 425 ft. on north side of Melrose Ave., 715 ft. on west side of Henslow Ave., 725 ft. on east and west sides of Kingsway Blvd., 60 ft. on west side of Oak St.
A marked cheque for 5% of the tender must accompany the tender. Plans, specifications and tender forms may be obtained at this office. Grimsby, May 28, 1949.
G. G. Bourne, Clerk
Town of Grimsby.

TENDERS FOR COAL AND COKE

Sealed TENDERS addressed to the undersigned and endorsed "Tender for Coal" will be received until 2 p.m. (E.D.S.T.) Wednesday, June 15, 1949, for the supply of coal and coke for the Dominion Building, throughout the Province of Ontario. Terms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, and the Supervising Architect, 34 Adelaide St. East, Toronto, Ont.
Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' license numbers must be given when tendering. The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Beaver Bank of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the acceptance of bonds, and a certified cheque, if required to make up an odd amount. Such security will serve as a guarantee for the proper fulfillment of the contract.
By order,
J. M. ROSEMERVILLE,
Secretary,
Department of Public Works,
Ottawa, May 26, 1949.

NOTICE, FARMERS!

We are paying as high as \$4.00 for dead or disabled horses and cows, according to size and condition. Small animals removed free. Highest prices paid for old horses.

LEGION JOTTINGS

Our Sports Day on the 24th proved to be a great success.

Our sincere thanks and appreciation is expressed for the fine co-operation we received from the Board of Education and particularly to Mr. Don Aude for his work on the Track and Field.

Our thanks to the Town of Grimsby Police and the Provincial Police, to Mr. J. Simpson of Beamsville, who volunteered his P.A. system.

Refreshments were capably handled by the Ladies Auxiliary under the supervision of Mrs. R. Walters.

There were 99 entrants from out of town, two bus loads and about forty cars.

We missed K. Pyndyk and Mrs. Norma Warner.

Track and Field Officials were as follows:

Starter—Earl Deacon, Toronto, West End Y.

Time Keepers—Ralph M. Conter, A.A.U.; Charlie Russell, Niagara Falls, Dist. Rep. A.R.U.; A. V. Smith, H.O.C.

Field Events—Jack Histed, H.O.C., A.A.U.; Don Aude, Grimsby.

Registration—Walter Greenblatt, Gord Hadler, Grimsby.

Record Clerk—Gordon McGregor, Grimsby.

Stenographer—Lillian Roman.

Clerk—Sturges—Havelock Jewell.

Clerk—Currier—Art Brydon.

Gates—Len Bromley, Jack Saunders, Grimsby.

Advertising—E. Bruce Murdoch.

The delegation from our Branch, complete with Colour Party attended the District Convention at Brampton last Sunday.

Many resolutions for the benefit of all veterans were passed for forwarding to Dominion Command.

Carnival dates—July 15 and 16.

Motorists are requested to refrain from parking their cars on Main St., between the hours of 7 and 9 on Wednesday evening, June 2nd. The Junior Chamber of Commerce are planning a complete washing and sweeping of the street in connection with their clean-up campaign. Please co-operate.

Time Keepers—Ralph M. Conter, A.A.U.; Charlie Russell, Niagara Falls, Dist. Rep. A.R.U.; A. V. Smith, H.O.C.

BIG MEN OF HISTORY

Of the 11 men and six women in history who have weighed more than 700 pounds, the heaviest was Miles Darden, who died in Henderson County, Tennessee, in 1867, weighing slightly over 1,000 pounds.

Stuff Round Town

By GORD MCGREGOR

Some three thousand persons attended the auto races at the Beamsville Fairgrounds on Saturday afternoon, and a great percentage left the scene realizing that the track there was primarily built for harness racing.

Even the most morbid fan got very little satisfaction from seeing spectators and drivers alike carted off to hospital by an overworked ambulance.

It is quite unlikely that the Beamsville Chamber of Commerce would be foolish enough to contemplate the holding of such an event in the future.

It is also highly improbable that the Racing Association would mark down Beamsville as a place to compete again. The risky business of steering a super hot rod around a super dusty track is hardly good clean sport. We personally shall look forward to the holding of sulky races, or even a few more bicycle races.

The Chamber of Commerce are not to be condemned for bringing auto racing to Beamsville. The Racing Association apparently gave their okay to the track long before the day came when their drivers whizzed around its almost level turns. We do condemn the Association for attempting to start seven cars in what was termed the feature race. As a feature it stunk to high heaven.

It was extremely unfortunate that one of Beamsville's grand gentlemen was struck down by an auto that crashed through a fence. Alonzo Payne has always been a man keen on sports, through all his eighty-odd years. As he lies now in a hospital with a fractured pelvis, we wonder just what he thinks of this particular brand of sport.

At press time a driver's life still is in danger. He is Ron Knott, an official of the Association, and a driver who could not race... because he could not see. In other words the skill is taken out of the art of auto racing—what is required is a bucket full of luck to get you and ten other guys around a corner—safely. Here's mud in your eye.

It was the first time that we can ever recall seeing people actually sickened of the fact that a man had just broken his neck, his back or ended his time on earth. Public opinion indeed is against the holding of auto races on the Beamsville track.

ADVERTISERS

With all political parties prepared to go all out in their political campaigns, the pages of The Independent will be at a premium for the next few weeks. We respectfully request that all local advertisers make every effort to have their copy in not later than Tuesday afternoon. We endeavour to give your valued advertising a good location, and would appreciate your co-operation so that we may continue to serve you in the best manner possible.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Lions Club meets next Tuesday night at the Village Inn.

Next week K's Clean-up Paint-up. Help beautify Grimsby.

Donald Norris is coming to the Village Inn on Saturday, June 25.

Saturday, June 4, is Navy League Tag Day. Mrs. John Voogus is the local Secretary-Treasurer.

Beamsville Lions are holding an auction on Saturday, June 18, the Optimist Club of Grimsby are holding their auction on Saturday, June 18.

The Lincoln County Children's Aid appeal for funds, which was conducted in Grimsby by the Optimist Club, went over the top by several hundred dollars.

A crane operator employed by Merritt Brothers snagged hydro wires while moving logs, and managed to pull a pole over on a 45 degree angle. Damage was very slight.

A fast run was made by local firemen to the residence of W. M. Stegman, Grimsby Beach, last Friday morning where a chimney fire required minor attention. The chimney apparently caught fire as the occupants were burning papers in the fireplace.

It is quite unlikely that the Beamsville Chamber of Commerce would be foolish enough to contemplate the holding of such an event in the future.

It is also highly improbable that the Racing Association would mark down Beamsville as a place to compete again. The risky business of steering a super hot rod around a super dusty track is hardly good clean sport. OBITUARY

(Continued on Page 3)

JANET MAY METCALFE
The death occurred Tuesday, May 31, of Janet May, nine month old daughter of William and May Metcalfe, at the Sick Children's Hospital, Toronto, where deceased has been confined for the past six weeks.

Besides her sorrowing parents, she is survived by one brother, Kenneth William. Private services are being held to-day (Thursday) from her late home, Rev. A. L. Griffith officiating. Interment to be made in Queen's Lawn Cemetery.

MRS. ISABEL MACFARLANE
On Tuesday, May 24th, Winona lost one of its best beloved and well-known citizens in the passing of Isabel Catherine Fybus, widow of the late R. F. MacFarlane of Loch Roy. The deceased had not been in good health for the past two years but her very sudden death came as a great shock to everyone.

She was born in England 75 years ago, came to Canada in early life and settled in Montreal where she lived for many years. She came to Winona 25 years ago and with her late husband conducted Loch Roy Rest Home which has been a haven of rest to legions seeking a renewal of health and strength. Her unselfish personality and her devotion to her guests comforted and cheered her to all those who were fortunate enough to enjoy her hospitality.

She was a member of the Anglican Church and was deeply interested in the activities of St. John's Church, Winona. She also took an interest in all the organizations that worked for the betterment of the community where she resided.

She is survived by two sisters in England.

The funeral took place on Friday afternoon, May 27th, from St. John's Church, Winona, with Archdeacon Scott of Grimsby, and Rev. A. F. O'Neil, Rector of the church conducting the service.

Interment took place in Mount Royal Cemetery, Montreal, Saturday, May 28th.

ARTHUR E. FISHER

Three weeks ago The Independent printed a short obituary notice regarding the death in Sidney, Ohio, of a former Grimsby boy, Arthur E. Fisher. We herewith print an article regarding his demise as taken from a Sidney newspaper.

Arthur E. Fisher, 34, personnel director of the Stollie corporation, died unexpectedly at 4:30 o'clock Sunday afternoon in the Fisher home at 214½ Forest street. He had been in failing health for some time with a heart complication and for several days had been confined to his home. The attack claiming his life came suddenly following a complication from Arthur.

For 14 years A. E. Fisher had been a resident of Sidney, widely known through his position during most of those years as production manager for the Stollie corporation where he later became personnel director when his health began to fail. He came to Sidney in 1935 from Cincinnati where he had served for some years as production manager of the Cincinnati Bell Crank company.

The deceased, his wife, and his two daughters, Mimes Doris and Barbara Fisher, became active residents of Sidney immediately on establishing their home here. The daughters are now located in Cincinnati. Miss Doris Fisher a nurse at the University of Cincinnati, and a part time nurse at the Christian Homes, Cincinnati; Miss Barbara Fisher connected with the Richardson Taylor Globe company.

Arthur E. Fisher was a native of Canada, born at Grimsby, Ontario, on October 20, 1893, son of the late Amos and Mary Game Fisher. He was one of six sons born to them, four of whom survive and are: Wilmer Fisher, of Oakville, Canada; Wallace R. Fisher, of Stratford, Ontario, Canada; Norman Fisher, Regina, Canada; Wray Fisher, Grimsby, Canada. One brother, Elmer Fisher, of Buffalo, died a year ago.

He was married twice, his first marriage was with the late Miss Alta Williams of Windsor, Canada. The two daughters, Barbara and Doris, were born to their union.

His marriage with Miss Nina Rippert of Cincinnati was solemnized on July 7, 1933, in Cincinnati, and they resided there until moving to Sidney.

A. E. Fisher served during World War I in the Canadian army, his rank when he received his honorable discharge was that of major. He was a member of the Sidney American Legion post.

Funeral rites will be held at 2 p.m. Wednesday from the Dearth funeral home in charge of the Rev. John W. Meisler of First Presbyterian church. Burial will be in Graceland cemetery.

Friends may call at the Dearth funeral home after 2 p.m. on Tuesday afternoon.

One of the oddities of law developing from the adoption of Newfoundland as our tenth province is the fact that the Island is now the only province allowed the use of flour enriched with vitamins and minerals.
